French (HBA)
Department of Language Studies

U of T Scarborough French students will study both the structure and mechanics of the French language, and will also learn practical French for business and everyday use. Studies in French allow for a wide range of interests: French history and culture; the enhancement of practical language skills including translation; the study of how the language is structured and how it evolved and spread; the development of approaches to the teaching of French; and the exploration of the rich literature and cultures of the francophone world.

Complementary Programs: Linguistics, Psycholinguistics, English, English Chinese Translation, Management and International Business, Public Policy, Political Science

Make the most of your time at UTSC!
We want to help you maximize your university experience, so we've pulled together information and suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are listed. In fact, activities such as joining a student club, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study.
