Physical and Human Geography (HBA)

Department of Human Geography

Physical Geography is the study of the science of spaces; it examines the structures of the world around us—both natural and man-made, as well as the formative processes of these. Students will learn about landforms, weather, geological and hydrological processes, and the interactions of all of these to form physical landscapes. Human Geography is concerned with the spatial patterns of humans and human activity over spaces and places. Students will explore the complex relationships between society and the natural environment as well as the social and economic problems of human land use and settlement. This program connects these two aspects of Geography to give students a complex understanding of the world around us, explains spatial phenomena, and helps them to apply spatial theories and techniques in a variety of real-life situations.

Complementary Programs: City Studies, Environmental Studies, Environmental Science, Geographic Information Sciences, International Development Studies

Make the most of your time at UTSC!

We want to help you maximize your university experience, so we’ve pulled together information and suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are listed. In fact, activities such as joining a student club, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study.

Check out future career opportunities and skills acquired from completing this program:

Competencies & Skills
- Interpretation of conceptual and data-based information
- Projection of socio-economic trends
- Design and conduct social surveys
- Analyze and use statistical methods
- Conduct field studies and observe interactions
- Manipulate and map geographic data
- Understand natural and social processes

Careers for Graduates
- Geoscientist in Energy and Natural Resources
- Environmental Geoscientist
- Environmental Protection
- Data/GIS Analyst
- Geospatial Applications Developer
- Natural and Cultural Heritage Interpreter
- Policy Analyst
- Sustainability Coordinator

Further Education
- Geography
- Urban Planning
- Sustainability or Environment
- Architecture
- Education
- Geographic Information Systems
- Project Management
- Insurance & Risk Management
- Geoscience

Connect with Alumni at events on CLNx and through Partners in Leadership, 10,000 Coffees, LinkedIn and more!

Physical and Human Geography (HBA)
Major Program Pathway

**YEAR 1 (0 - 3.5 Credits)**

- 2.0 credits as follows: EESA01H3, EESA06H3, GGRA02H3, GGRA03H3.
- Explore different kinds of courses; this will also help with fulfilling breadth requirements and electives.
- Use Degree Explorer and UTSC Calendar to plan your courses and program of interest.
- Schedule an appointment with your Program Librarian in both Geography and Environmental Science for assistance with your research assignments.
- Writing support is available at the CTL Writing Centre.
- Explore the Research Resource guides for Geography and Environmental Science online through the library.
- Attend the UTSC Get Experience Fair in September and register with the Scarborough Campus Student Union’s (SCSU) Volunteer Network Program.

**YEAR 2 (4 - 8.5 Credits)**

- 1.5 credits from: EESB02H3, EESB03H3, EESB04H3, EESB05H3, EESB15H3.
- Use Degree Explorer and consult with your Program Advisor to plan your courses and program.
- Earn your language breadth requirement by participating in the Explore Program-a 5-week intensive French Language immersion program.
- Attend the UTSC Get Experience Fair
- Attend the UTSC Graduate & Professional School Fair in April/May.
- Attend the AA&CC’s Get Hired job search conference in September to learn about admission requirements and application process.

**YEAR 3 (9 - 13.5 Credits)**

- At least 1.5 credits from the following: GITB01H3, GGRB02H3, GGRB05H3, GGRB13H3, GGRB18H3/ESTB02H3, GGRB21H3, GGRB28H3, GGRB55H3.
- At least 1.0 credit at C- or D-level from EES courses.
- At least 1.0 credit at C- or D-level from GGR or CIT courses.
- Use Degree Explorer to ensure you are on track with your degree.
- Enter to win the UTSC Library Undergraduate Research Prize or Poster Forum.
- Apply for the Summer Research Exchange Program to research at an international partner university; earn credit and receive funding? Visit ISC for details.

**YEAR 4 or FINAL YEAR (14 - 20 Credits)**

- At least one additional 0.5 credit from GGR or CIT courses.
- At least one additional 0.5 credit from EES courses.
- Ensure you have fulfilled your breadth requirements.
- Use Degree Explorer to ensure you are on track to graduate.
- Register your “Intent to Graduate” on ACORN by the deadline.
- Attend events and conferences through your academic department, student groups and the AA&CC to further develop your skills and your network.
- Apply for the Academic Travel Fund, through DSL, to conduct research, present at a conference, or engage with the academic community internationally.
- Getting ready to graduate? Consider an internship at Ministry of Natural Resources and Forestry; they offer a variety of rewarding internship opportunities for post-secondary school students and recent graduates.
- Build your network and explore professional associations.
- Participate in the AA&CC’s Partners in Leadership program to learn and network with an alumnus mentor about transitioning to work or further education.
- Share ideas and lived experiences about critical issues with students in other parts of the world through Global Commons.
- Meet with your Program Supervisor/Advisor regarding applying to graduate studies, get your Personal Statement reviewed in the AA&CC.
- Attend the AA&CC’s Get Hired job search conference in April/May.
- Attend a Jobs for Grads orientation for a job search “crash course”; check CLNx for Internships and Job opportunities for new grads.

**HOW TO USE THIS PROGRAM PATHWAY**

Read through each year; investigate what appeals to you here and in other Program Pathways that apply to you. Note that this Pathway is only a suggestion. For the most up to date information, please check the UTSC Calendar.
SERVICES AT UTSC THAT SUPPORT YOU:
To learn about resources and departments that can support you, download the UTSC Student Experience app or visit uoft.me/StARTNow

Diversity & Inclusion
The University of Toronto Scarborough commits to intentionally foster a welcoming and supportive environment for students, faculty, and staff where diversity is valued, and every member of the community feels a sense of belonging on campus.
utsc.utoronto.ca/edo/

Academic Integrity
The university community supports an environment of academic integrity; these are values that include honesty, trust, fairness, respect and responsibility. Learn about the university's academic rules and how to avoid accidental plagiarism by attending an Academic Integrity Matters (AIM) workshop.
academicintegrity.utoronto.ca/

Healthy Campus
UTSC provides supportive environments, resources and services to empower students to maintain their overall physical and mental health and foster their academic success.
uoft.me/healthycampus/

Co-Curricular Record
The co-curricular record is an official institutional document that recognizes your involvement outside the classroom as a significant part of your U of T experience.
clnx.utoronto.ca/ccr

DID YOU KNOW...
Geography is experiencing a resurgence as an academic discipline for addressing issues of global significance.
