FIRST STEP TO YOUR FUTURE

TRADITIONAL LAND ACKNOWLEDGMENT

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.
“The University of Toronto Scarborough welcomes you to an exceptional, inclusive and diverse community of students, faculty and staff that ignites the imagination, sustains a passion for creativity, nurtures social consciousness and entrepreneurship, and inspires learning and scholarship which has positive local and global impact.”

– Professor Wisdom Tettey, Vice-President, University of Toronto and Principal, U of T Scarborough

EXPLORE U OF T SCARBOROUGH

“Quality
Join one of the top universities in the world. Part of the tri-campus system, U of T Scarborough shares U of T’s exceptional scholars, researchers and cutting-edge infrastructure.

Innovation
Think fresh with education that extends beyond books. U of T Scarborough is a leader in experiential, collaborative and globalized education, with an exceptional international student cohort.

Environment
Nestled in the lush green parkland of the Highland Creek Valley, U of T Scarborough is a close-knit campus that’s part of a vibrant and diverse urban community.

Experience
Learn by doing. A pioneer in co-operative learning, studying here will build a foundation for your career or graduate education by combining hands-on training with a rigorous theoretical education.

Spirit
Experience everything. Share interests and passions with new friends through the many clubs and associations, and at the Toronto Pan Am Sports Centre.

Support
We’re here for you. U of T Scarborough students can access programs and support services to help with everything from academic questions to personal challenges—whatever you need to excel.
When you join our community, you’ll take your place among Canada’s future leaders.

U of T Scarborough is part of the University of Toronto, one of the best public research universities in the world—and recognized as Canada’s top university.

LEARN FROM THE BEST

490 journal articles, 7 books and 58 book chapters were published by U of T Scarborough faculty members in 2019-20.

STUDY WITH THE BEST

#1 university in Canada and 18th globally (2021 Times Higher Education World University Rankings)

DID YOU KNOW?

During the 2020-2021 academic year, U of T Scarborough awarded 1,248 undergraduate admissions scholarships!

271 research faculty (a 15% increase since 2015)

10 Canada Research Chairs

PIRAKASINI (KASHI) CHANDRASEGAR
Political Science and English (Co-op)
Whitchurch-Stouffville, Ontario

Kashi fondly remembers the beginning of her U of T Scarborough experience: “The first day on campus was by far one of my most memorable experiences. The people I met on my first day, and throughout my first week on campus, have become some of my closest friends.” Since then, Kashi has made the most of her time as a student by getting involved.

“I chose to be part of a lot of clubs because I really wanted to get involved and get connected with students on campus. The experiences not only allow you to build skills, but also to network and meet like-minded individuals. Law Society of UTSC, UTSC StudyHub, Margins Magazine (UTSC’s Women’s and Trans Centre’s in-house publication), Scarborough Campus Students’ Union, and all of the non-profit organizations I am part of really allow me to put myself out there, get involved, meet people within my program, and develop skills that will last a lifetime.”

Kashi notes that her involvement on campus has transformed her from a quiet high school student to a leader known for her advocacy and people skills.
We are always searching for better ways to think, learn and educate. Within the University of Toronto’s tri-campus system, U of T Scarborough has earned the reputation of being the place for innovative students seeking real-world experience.

INNOVATION

58 companies formed in 2019–2020 at The Hub, U of T Scarborough’s incubator for student entrepreneurs.

In 2020, the Knowledge Equity Lab launched at U of T Scarborough. The lab’s mission is to elevate marginalized voices in academia and challenge multiple forms of exclusion within the structure of knowledge production and exchange. The lab will also promote collaborations with community leaders, Indigenous scholars, farmers, artists, students, and people outside academia who may have knowledge about a specific area affected by systemic bias.

An Anthropology professor from U of T Scarborough participated on a research team that discovered that ostrich eggshell beads traded more than 30,000 years ago offer the earliest proof of social networking among humans.

The BRIDGE, a collaboration between the Department of Management and the U of T Scarborough Library, is a best-in-class business research centre where students access and analyze real-time data, market intelligence, industry research and company profiles.

Researchers at U of T Scarborough have developed a method for turning waste cooking oil from restaurant deep fryers into high-resolution, biodegradable resin for 3D printing.

SUCCED BEYOND GRADUATION

#1 in Canada and #8 overall in the Global University Employability Ranking 2020

12% increase in research funding over 5 years

SRISUDHAKAR NOWDURI
Human Biology & Biochemistry
Scarborough, Ontario

The Undergraduate Research Poster Forum gives students the opportunity to present their research addressing issues of local, national and global importance. Srisudhakar placed second in 2020 with his poster on the effects of surface stiffness and hydrophilicity (wetness level) on bacteria adhesion.

As a member of HOSA at U of T Scarborough (an organization for future health-care professionals), Srisudhakar also showcased his academic and research experience as a competitor in the Biomedical Debate. After winning multiple medals in national and international competitions, he trained other students participating in the event. Srisudhakar was also a reviewer on the Journal of Natural Sciences, established at U of T Scarborough in 2018.

“Taking part in research has given me a greater appreciation of the science principles I read about in textbooks. Experiencing the cycles of failed experiments and repeated trials before a breakthrough gave me a glimpse of the amount of effort that goes into expanding our understanding of the world through science.”
ENVIRONMENT

When you step on the campus, you can see why so many students choose us. U of T Scarborough is nestled in 300 acres of the Highland Creek Valley, a gorgeous parkland that is one of Toronto’s most vibrant green spaces. It’s an inspiring environment to study in, and a great community to call home.

RESIDENCE

Your home away from home on campus is less than a five-minute walk from academic buildings. All residences at U of T Scarborough are furnished, have well-equipped kitchens, optional meal plans, and 68% feature single bedrooms. In addition to being a safe, comfortable place to stay, residence offers students the chance to develop their independence while discovering and being part of an active, close-knit community. The various learning experiences in residence help students transition to independence in a vibrant on-campus community that supports academic and personal development through a variety of activities, support and services. Staff, Residence Advisors and Counsellor-in-Residence are all available to support students in residence and to foster the development of a healthy and positive community.

AN INTIMATE ACADEMIC EXPERIENCE

62% of classes have fewer than 50 students

17 students is the average per lab section of a science class

DID YOU KNOW?

Toronto Pan Am Sports Centre and the Environmental Science & Chemistry Building were both awarded LEED Gold for energy efficiency.

ENVIRONMENTALLY FRIENDLY CAMPUS

1,854 solar panels atop the Toronto Pan Am Sports Centre

6 unique walking/biking routes encompass a variety of terrain and plant life and present the exceptional scenery and wildlife of Highland Creek

ADAM POULIN

Human Biology

Atikokan, Ontario

For students studying away from home, building a community on campus makes for a full university experience. Living in on-campus student housing helps students move out of their comfort zones and meet new people. Adam enjoyed living on campus so much, he joined the Residence Life Team in his second year to promote a safe and supportive space for students to study and live in. He shares, “The best part about living on campus is the incredible community. Students from all over the world are able to share their culture and life experiences with one another. It makes for a diverse, welcoming and awesome place to be.”

Living independently may sometimes feel overwhelming but there is always an aspect that will make you feel at home. For Adam, it was the close proximity to nature.

“Growing up in Northwestern Ontario, I was always outside. Getting outdoors has always been my way of recharging my batteries. Seeing a deer run across campus or spending some time in the valley helps me slow down and relax after a week of studying.”

Accessible Valley Land Trail
EXPERIENCE

Let yourself go beyond books and lectures. Through meaningful volunteer opportunities, stimulating field courses and eye-opening international exchanges, you receive first-hand understanding of what you’re learning in the classroom and how it applies to the world.

A GLOBAL EXPERIENCE

150
countries are represented in U of T Scarborough’s student population

3
certified immigration advisors on staff

160+
partner universities for U of T Scarborough exchange students to experience

INTERNATIONAL OPPORTUNITIES

U of T Scarborough has a variety of international programs for students to learn, research and work abroad. Students can participate in learning abroad opportunities in 40+ countries around the world, gain valuable international research experience and enhance their future employment opportunities.

DID YOU KNOW?

Students who demonstrate financial need can be awarded up to $10,500 for an international experience.

ANGELA ATHANASIOS
Management & International Business (Co-op)
Barrie, Ontario

The highlights of Angela’s experience as a U of T Scarborough student were her study term in Sweden and work term in Kenya.

Angela immersed herself in new cultures and experienced the lifestyle in the countries she visited during her terms abroad. She encourages students to avoid waiting on others to experience new things and to take advantage of opportunities.

“The people I have met and the relationships I have built while abroad were the best parts of my undergraduate experience. That, and of course, jumping from country to country every weekend!”

Environmental Science field trip

International study experience in New Zealand
What makes U of T Scarborough special isn’t just our strong academics—it’s a campus atmosphere that inspires you to follow your passions so that you can have the best experience possible.

opportunities recognized through the Co-Curricular Record, the most of the U of T campuses

1,600+

student-run programs and events held on campus each year

1,900+

validations on the Co-Curricular Record – even during the pandemic!

8

campus building projects underway, including a new student residence, Indigenous House, EaRTH (Environmental and Related Technologies Hub), indoor turf Field House, and Instructional Centre 2

Here are just a few examples of the student clubs you can join at U of T Scarborough.

**Academic Clubs**
- Anthropology Departmental Student Association
- Biology Students’ Association
- Management and Economics Students’ Association
- Management Chinese Undergraduates Society

**Athletic Clubs**
- Cheer Team
- Powerlifting
- Rock Climbing Club
- Scarborough Campus Archery Club
- Table Tennis Club
- UTSC Cricket Club
- UTSC Swim Club

**Community Clubs**
- Amnesty International UTSC
- Frontier College @ U of T Scarborough
- World University Service of Canada

**Cultural Clubs**
- African Students’ Association
- Caribbean Connections UTSC
- Indian Students Association
- South Asian Student Association

**Recreational Clubs**
- Capture Photography

- UTSC Parks Canada Club
- UTSC Trivia and Entertainment Club

**Service Clubs**
- Emergency Medical Response Group
- Radio Forward
- Scarborough Campus Students’ Union
- The Underground Magazine

**200+ CLUBS AND ASSOCIATIONS**

BEYOND THE CLASSROOM

**ESTHER ADEAGBO**

Strategic Management (Co-op)
Calgary, Alberta

Esther knows firsthand that getting involved in clubs and extracurricular activities is one of the best ways to meet new people, find support and grow your network. U of T Scarborough has numerous student clubs, as well as the opportunity to create new ones. Esther wanted to build a community of Black students in Management programs so she founded the Black Students in Business Club. The group’s leadership team launched various initiatives such as the inaugural LEAD Conference, an event for Black high school students to connect with current Black students in Management programs at U of T Scarborough.

“As the founder of the Black Students in Business Club, my team and I were able to create a community to support Black students pursuing business. Our mandate is to empower, enrich and enlighten students in their pursuit of a business degree through the different internal and external events that we hold throughout the school year.”

Clubs day – African Students’ Association
Not only does U of T Scarborough have the top-notch classrooms, research areas and labs that help you to excel, we’ve designed the campus to keep our community intimate and friendly.

Here’s what it means for you: you’ll discover what you want to learn and who you want to be. You’ll build the skills needed to advance your career. You’ll meet people who will change your life. You’ll have an incredible time.

**WE’VE GOT YOUR BACK**

**3**
Indigenous staff available on campus for student support, outreach activities and events

**10+**
on-campus chaplains connecting with students and offering spiritual education and support

**3,500+**
students participated in our 2020–2021 first-year experience program

**500+**
students participated in our first online International Education Week

**DID YOU KNOW?**
Through our financial assistance programs and generous entrance scholarships, we do our best to ensure that financial need isn’t a barrier to education.

$14.5M+
in undergraduate admissions scholarships and bursaries were awarded in 2020–2021.

*ABHIMANYU AMIN*
Molecular Biology & Biotechnology (Co-op)
Jamshedpur, India

Abhimanyu came from a small town in India to pursue his passion for science and technology. “U of T Scarborough has the perfect mixture of urbanization and nature which is the kind of place I always wanted to study in. I enjoy Toronto’s awesome nightlife, but also love that when I need to take a break on campus, I can walk down to the valley to skip stones and refresh my mind.”

The warm and welcoming community at U of T Scarborough also helped Abhimanyu feel at home in Canada. “The International Student Centre organized check-in meetings and supported me through my transition here to Canada.”

Abhimanyu’s involvement in student life has also helped him to flourish.

“I have been a part of TEDxUTSC for the past two years and conducting conferences has taught me a lot about communication and networking. I was also the co-vice president of the Hindu Students’ Council and the Director of International Students on the Scarborough Campus Students’ Union.”
COMMUNITY: SCARBOROUGH

Scarborough is the most diverse neighbourhood in Canada’s most diverse city.

The multi-ethnic enclave is located on the eastern edge of Toronto and is home to a vibrant community and breathtaking natural beauty. U of T Scarborough students have easy access to all the entertainment, shopping and cultural experiences that this dynamic region has to offer.

HOME IS SCARBOROUGH

140+
languages and dialects are spoken in Scarborough

50%+
of Scarborough’s 600,000+ residents are immigrants

WE LOVE OUR COMMUNITY

100+
weekly community outreach opportunities at eight sites in Scarborough

1,500+
local middle and high school students served by over 300 UTSC undergraduates through the Imani Academic Mentorship Program since 2005

ALL YOU CAN EAT

Author and economist Tyler Cowen calls Scarborough “the dining capital of the world” due to the area’s incredible food scene.

TORONTO’S GREENEST AREA

15 km
of escarpment along Lake Ontario make up the giant clay cliffs known as the Scarborough Bluffs

47 km²+
of park space in Rouge Park, Canada’s first National Urban Park

5,000+
animals and 10 km of walking trails in the Toronto Zoo, Canada’s largest zoo and less than 5 km from campus

JANIE CHIU
Management & Marketing (Co-op)
Vancouver, British Columbia

Studying in Scarborough means students experience new cultures by being part of Canada’s most diverse city. Janie loves visiting local destinations, such as restaurants, events, and scenic spots, and enjoys sharing her favourite finds on her food Instagram account.

She says the best thing about being in a new environment is learning how to adapt and be comfortable with your surroundings. As Janie made new friends on campus, she learned about and fell in love with the different cultures represented and celebrated at U of T Scarborough.

“All you can eat” programs are among the places Janie enjoys sharing her food finds. One of her favourite local places is P.F. Chang’s, which is located on the Scarborough campus.

“Coming from Vancouver to study across the country was a big step for me. I chose Toronto, and U of T Scarborough in particular, because I wanted to step outside of my comfort zone and become more independent.”

Imani Academic Mentorship Program

Scarborough Bluffs Park
HEALTHY CAMPUS

The “Healthy Campus” initiative means that everything we do—from teaching, research, and student activities, to the facilities and the grounds we design, build and use—are health-enhancing.

82% of our students participate in athletics and recreation, 7% higher than the national average.

16 high performance sports organizations train at the Toronto Pan Am Sports Centre.

11,000 m²+ of outdoor playing fields and tennis courts.

A weekly farmer’s market takes place on campus and features local farmers, producers and artisans (bi-weekly throughout the winter).

FITNESS & INSTRUCTIONAL
U of T Scarborough offers beginner, intermediate and advanced fitness and instructional classes.

ESMA BOZTAS
Public Policy (Co-op) & Psychology
Bursa, Turkey

Being active is integral to Esma’s overall health and success at U of T Scarborough. She plays intramural soccer, flag football and field hockey. During the 2019–2020 season, her flag football team advanced to semi-finals, while her soccer and field hockey teams won championships. Esma is also an assistant coach of a fitness kickboxing class offered at the Toronto Pan Am Sports Centre (TPASC) and a member of MoveU, a tri-campus initiative that promotes active lifestyles.

"Sports play a huge role in my student life and give me self-esteem, confidence and a sense of belonging. My work-study positions within the Department of Athletics & Recreation have also given me the opportunity to interact and meet many other students and staff at U of T Scarborough. In addition, as a female fitness ambassador, I regularly helped women achieve their strength and fitness goals to help develop a community that is strong and resilient."

OUR PROGRAMS

SO MUCH TO LEARN

250+ program options
1,300+ courses offered annually
CO-OP PROGRAMS

Gain a competitive advantage. U of T Scarborough’s co-op programs empower students with unparalleled learning opportunities and professional development to prepare them for success during and after their undergraduate degree.

Through partnerships with world-class and industry-leading employers, co-op programming helps students put classroom theory into practice and obtain invaluable work experience. By the time they graduate, students who have completed a co-op program will have acquired 8 to 16 months of full-time, paid on-the-job experience in addition to a degree from the top university in Canada.

You will develop the skills, knowledge, and expertise necessary to secure a rewarding career after graduation or go on to graduate school and professional programs.

45+ co-op program options available

Students can graduate in 4 years in almost every co-op program or create a flexible plan to extend their studies as needed.

Co-op International Development Studies and the Double Degree (BBA/BSc) are 5-year programs.

Co-op networking breakfast with employers and business leaders

CIQUINYA MORTON
Management & Accounting (Co-op)
Saint Kitts and Nevis

CiQuinya chose U of T Scarborough because of the prestige of the University and the co-op opportunities only available at the Scarborough campus. CiQuinya found that the sense of community on campus made it a second home. There was also a ready availability of Caribbean food in Scarborough!

CiQuinya immersed herself in student life activities, becoming co-president of both the Co-op Students’ Association and Black Students in Business (BSB). CiQuinya also served as a key partner in the University’s Imani Academic Mentorship Program, where she volunteered her time, knowledge, and compassion to support Black elementary and high school students across Scarborough in their academic studies and personal planning for the future.

Through the Management Co-op program, CiQuinya was recruited into highly competitive finance and accounting roles at the Ontario Treasury Board Secretariat and PepsiCo, where supervisors agreed that her performance exceeded expectations in all areas. She was also the recipient of the Co-operative Education and Work-Integrated Learning (CEWIL) Canada Student of the Year Award.

“Co-op enhanced my university experience because it allowed me to see how my coursework is applied in the real world. I would encourage new co-op students to always be curious and ask questions.”

Alfonso Ralph Mendoza Manalo
Global Asia Studies & Public Policy (Co-op)
North York, Ontario

Alfonso chose U of T Scarborough for a variety of reasons, including the flexibility of program selection and the opportunity to broadly explore courses in humanities and social sciences in first year. He chose Global Asia Studies to expand his understanding of Asian identities, Asian policies, and Asian perspectives and lived experiences. Alfonso is also majoring in Public Policy. The interdisciplinary nature of this major means he has taken courses in economics, public administration, social policy, and comparative politics.

Alfonso’s studies were applied in his co-op work term as an Equity, Diversity, and Inclusion Policy Advisor with the Royal Canadian Mounted Police (RCMP). His tasks included revising and commenting on policies, developing an anti-racism course for all RCMP personnel, and working on reports submitted to the Minister of Public Safety and Cabinet.

“Co-op showed me the importance of a good mentor. My research team and supervisors have taught me a lot about what it means to be a good scientist. They helped me grow beyond my comfort zone, and have challenged me to strive to be the best version of myself.”
CERTIFICATES & COMBINED DEGREES

Already have an eye on continuing your education beyond an undergraduate degree? U of T Scarborough has great options for you!

Whether taken as part of an undergraduate program or after completion of a degree, U of T Scarborough’s for-credit certificates provide students with expanded skillsets and an additional certification as they begin or advance their careers.

Through our combined degree options, students are able to smoothly bridge from undergraduate to graduate degree studies at the University of Toronto. Students begin with an undergraduate degree in one of the listed programs and add the graduate degree as they progress through their studies. Learn to lead, innovate and educate with a combined degree program.

CERTIFICATES

Bioarchaeology ● Biological Sciences Research Excellence ● Business ● Computational Social Science ● Evolutionary Anatomy ● Global Development, Environment and Health (U of T Global Scholar) ● Sustainability (U of T Sustainability Scholar) ●

There are also a variety of certificates available for students in the Management and International Business program. See page 46.

- Offered in conjunction with an undergraduate degree program
- Offered as a stand-alone certificate. Students apply to enter the certificate program after the completion of an undergraduate degree

COMBINED DEGREE PROGRAMS

MASTER OF TEACHING

These are great avenues if you’re interested in training the next generation of scholars in their field.

Bachelor of Arts and Master of Teaching
- English ● Evolutionary Anthropology ● French ● Geography: Human History ● Socio-Cultural Anthropology ● Sociology ● Theatre & Performance

Bachelor of Science and Master of Teaching
- Biochemistry ● Biological Chemistry ● Biology ● Chemistry ● Conservation & Biodiversity ● Environmental Biology ● Environmental Chemistry ● Environmental Physics ● Human Biology ● Integrative Biology ● Mathematics ● Molecular Biology & Biotechnology ● Molecular Biology, Immunology & Disease ● Physical & Mathematical Sciences ● Physics & Astrophysics ● Plant Biology

MASTER OF ENGINEERING

By combining a bachelor’s degree in Environmental Science with a professional Master of Engineering degree in Chemical or Civil Engineering, you’ll acquire the industry-relevant skills and experience to chart a career in environmental fields.

Bachelor of Science and Master of Engineering
- Environmental Biology ● Environmental Chemistry ● Environmental Geoscience ● Environmental Physics ●

MASTER OF ENVIRONMENTAL SCIENCE

If you’re interested in applying ecological theory to real-world conservation challenges, assessing and planning for climate change impacts or looking for a career in environmental monitoring, remediation and restoration, this flexible combined degree program is for you.

Bachelor of Science and Master of Environmental Science
- Conservation & Biodiversity ● Environmental Biology ● Environmental Chemistry ● Environmental Geoscience ● Environmental Physics ● Integrative Biology

MASTER OF ACCOUNTING & FINANCE

This combined degree program is accredited domestically with the Chartered Professional Accountants (CPA) and globally with the Association of Chartered Certified Accountants (ACCA). Within the finance discipline, our curriculum is aligned with the CFA Institute’s Candidate Body of Knowledge, representing the generally accepted skill set used by global investment professionals. Combine the BBA program with North America’s first graduate degree in accounting and finance to accelerate your career trajectory.

Bachelor of Business Administration and Master of Accounting & Finance
- Management & Accounting ●

MASTER OF SOCIAL WORK

Social workers strive for positive change in the communities in which they work. This program is a terrific opportunity if you’re interested in working towards a career in this field, especially with an eye towards mental health.

Bachelor of Science and Master of Social Work
- Mental Health Studies ●

These programs have a co-op option
ARTS PROGRAMS

Critical thinking and creativity are foundational in the Arts programs at U of T Scarborough. Within this academic area, students explore languages, culture, fine arts, history, literature and philosophy and apply inquisitiveness, communication and logic to some of society’s most complex questions.

Whether you’re interested in exploring the politics of climate change, questioning systems that reproduce poverty, inequality and oppression, examining how digital technology is changing traditional media, or pursuing essential creative and technical skills in arts or music, you’ll be able to find courses to suit your interests in the expansive U of T Scarborough Arts programs.

NATASHA HESELDEN
Anthropology & Political Science
Pickering, Ontario

Natasha was unsure of what she wanted to major in, so she took a broad range of courses in her first year. She found Political Science and Anthropology the most interesting and enjoyed the applications to everyday life. “The skills and lessons I have learned have made me a better thinker and expanded my capabilities.”

Natasha values the close student-faculty relationships at U of T Scarborough. She worked as a Research Assistant alongside two other students and their professor, travelling and writing research papers on tiny houses.

“UTSC has some of the best and kindest faculty. They are always there to help you do your best.”
ARTS PROGRAMS

A vibrant collection of programs that bring with them a wealth of artistic and academic opportunities. If you want to focus on a single discipline, you can do so in unique programs like Arts Management, Studio Art, or Journalism (a joint program with Centennial College). Or you can combine a number of multi- and interdisciplinary offerings that enable you to engage your passion in the arts while studying disciplines in other departments.

VISUAL & PERFORMING ARTS, ARTS MANAGEMENT AND MEDIA

JOURNALISM

- Journalism
  - Joint program with Centennial College

SYLVIE STOJANOVSKI
Arts Management
Toronto, Ontario

Sylvie had a passion for both arts and business, so she decided that Arts Management would be the perfect program for her. She loves the opportunities for experiential learning and independent research both inside and outside of the classroom. “I like the small class sizes and the chance to develop strong working relationships with professors. The Arts Management program provides a good balance of theoretical and practical courses, which helps students to either go straight into the field, or pursue graduate studies.”

Sylvie combined her love of arts, community and leadership as the Director of Community Relations & Development and Festival Lead for ARTSIDEOUT. The festival transforms U of T Scarborough with site-specific installations, exhibitions, performances and film screenings.

“Being part of ARTSIDEOUT has been one of the highlights of my university experience. I was able to put the concepts and theories I learned in class into practice—from planning and implementing the festival’s first-ever high school outreach tour and executive leadership retreat, to eventually leading the organization’s largest festival yet!”

“Being part of ARTSIDEOUT has been one of the highlights of my university experience. I was able to put the concepts and theories I learned in class into practice—from planning and implementing the festival’s first-ever high school outreach tour and executive leadership retreat, to eventually leading the organization’s largest festival yet!”

SCIENCE PROGRAMS

Award-winning faculty members, leading-edge facilities and inquisitive students are at the heart of the sciences at U of T Scarborough.

Our students enjoy a mix of lectures, laboratory experience and field trips that instills them with the knowledge and academic rigour to advance in their chosen field and careers. With the well-rounded science programs at U of T Scarborough, our graduates are well-positioned to enter medical, nursing and dentistry school, pursue graduate studies or join the modern workforce.

ADMISSIONS CATEGORIES

- Life Sciences (regular and co-op)
- Paramedicine
- Computer Science (regular and co-op)
- Mathematics (regular and co-op)
- Statistics (regular and co-op)
- Double Degree (BBA/BSc) Management & Finance and Statistics — Quantitative Finance Stream (regular and co-op)
- Physical & Environmental Sciences (regular and co-op)
- Psychological & Health Sciences (regular and co-op)
The work of scientists will influence decisions made over the next decades—decisions that will have an extraordinary impact on the world’s future and how we meet the challenges ahead. Engage in high-profile research with some of Canada’s leading scientists and researchers, and learn firsthand how to ask—and answer—the questions that make a difference.

**BHANDI SACHDEVA**

**Neuroscience**
Calgary, Alberta

Bhandi decided to study Neuroscience and minor in Psychology to better understand the functionality and complexity of the brain.

UT Scarborough has been the perfect setting for Bhandi’s wide range of interests. She is an executive member for Math in Motion, an organization that plans an event for grade 9 girls to explore mathematics and its many applications. Bhandi also became a Science and Technology writer for The Varsity, a UT tri-campus newspaper. She is considering going to medical school to pursue neurosurgery and hopes to continue publishing her poetry along the way.

“I am fascinated by how my program is interconnected with various disciplines, like the relationship between neuroscience and psychology with other streams such as computer science or business.”
From artificial intelligence to big data, U of T Scarborough’s professors share the most current industry application and academic theories available in these rapidly changing fields. Innovative problem-solving and practical skills mean STEM (science, technology, engineering and mathematics) graduates are in high demand in all sectors.

EDGAR SARKISIAN
Computer Science (Co-op)
Richmond Hill, Ontario

Edgar chose to study computer science because he wants to use technology to make a difference in the world. Edgar has a lot of respect for all of his professors. “We’re really lucky to have professors who are passionate not only about their area of study but also about pedagogy. I really appreciate when professors go the extra mile to ensure that our learning experience is pleasant and challenging.”

U of T Scarborough annually hosts Hack the Valley, the second largest hackathon in Canada.

“I can’t stress enough how cool it is to see so much innovation and positivity come out of a student-run event. I highly recommend participating in a hackathon at least once. Even if you don’t complete a project during the event, you meet a lot of cool people with similar interests, and get inspired by all the speakers and special guests.”

NAYAAB PUNJANI
Biochemistry (Co-op) & Mental Health Studies
Scarborough, Ontario

Nayaab became interested in the sciences at a young age and when it came time for university, she wanted a co-op experience in biology and chemistry and chose the Biochemistry Co-op program at U of T Scarborough. After discovering new interests during first year, she decided to pursue a double major, along with a French minor to further develop her French skills.

Nayaab encourages students to take advantage of resources and opportunities available outside the classroom.

“I am glad I got the chance to supplement my education with additional experiences. This includes attending networking and skills workshops by the Academic Advising & Career Centre, utilizing the 3D printers at the UTSC Library Makerspace, and taking part in school clubs and Departmental Student Associations. I also participated in the UTSC Undergraduate Research Poster Forum which gave me the chance to highlight my undergraduate research experience and enhance my scientific communication as I prepared an abstract poster and presentation.”

NAYAAB PUNJANI
Biochemistry (Co-op) & Mental Health Studies
Scarborough, Ontario
Some of the most compelling and longstanding questions in the history of human thought seek to understand the mind and behaviour. How do we learn, adapt and remember? Why do we act as we do? What causes mental disorders from the level of the brain to the impact on everyday life? This is where we’re unravelling some of the mysteries of the brain and its mechanisms of action.

PSYCHOLOGICAL & HEALTH SCIENCES

MICHAEL GAYLE
Psychology
Scarborough, Ontario

Michael chose to pursue undergraduate studies after the completion of a college diploma. “At U of T Scarborough, you are offered a very academically diverse experience. I chose to major in Psychology and minor in Anthropology because I enjoy sciences of exploration.” He appreciates how involved his studies are in a broad range of subjects. “I get to study principle subjects like neuroscience, but also can explore more ornate or abstract subjects like the study of emotion or music cognition.” Michael is also pursuing a minor in English Literature, a high area of interest as the author of two children’s books. “The atmosphere at U of T Scarborough is not like any other universities I have visited. The environment is welcoming and will be exactly what you make of it.” Michael also pursued studies away from the U of T Scarborough campus as an exchange student in Italy.

“It was an invaluable experience academically and in every other way possible. I encourage everyone with the opportunity and desire to study abroad to definitely do so!”
BUSINESS PROGRAMS

The increasingly complex business landscape requires a new generation of leaders to tackle the world’s most pressing challenges. Our business programs prepare students with the latest in management theory, strategy, and skills to excel in the global business environment.

Combining rigorous academics with intensive Work-Integrated Learning (WIL) experiences, professional skills preparation, and interpersonal development including cross-cultural communication, it’s no wonder that U of T consistently ranks as the top university in Canada for producing career-ready graduates. U of T Scarborough Management students are trained in every functional area of business management as a foundation, with the option to specialize and pursue 12 months of paid, accredited co-op employment while they complete their studies.

Through real-time business simulations, a variety of co-curricular opportunities with diverse students, and world-class teaching by faculty experts, our program offers a dynamic learning environment for students to build their Experience to Lead.

ADMISSIONS CATEGORIES

Management (regular and co-op)
Management & International Business (co-op only)
Double Degree (BBA/BSc) Management & Finance and Statistics — Quantitative Finance Stream (regular and co-op)
BUSINESS PROGRAMS

Business leaders require flexibility, adaptability, and creativity to succeed in today’s competitive environment. U of T Scarborough’s Management graduates have boundless opportunities and are employed in every sector domestically and internationally by top global companies. The program also provides a launchpad for entrepreneurs and students who wish to pursue professional certification in areas such as accounting and human resource management, or further study in graduate programs or law.

* These programs have a co-op option

Available only as a co-op program. Students also have the option to pursue a certificate in Economics, Finance, Human Resources, Marketing, or Strategy.

COMBINED BBA AND MASTER OF ACCOUNTING & FINANCE

Our combined degree program accredited by the CPA, CFA, and ACCA allows you to benefit from a direct pathway to the Master of Accounting & Finance (MACcFin) program starting in the second year of the Management & Accounting BBA program. You will benefit from the strength of each program’s curriculum, increase your competitive edge in the job market, and prepare for two Accounting designations and one Finance designation.

With integration of advanced courses in accounting, finance, leadership, data analytics, and strategy, along with practical experience through co-op, graduates will be well prepared for ascending positions in both Accounting and Finance.

DIDIER RAMAZANI BULEDI
Management & Economics (Co-op)
Markham, Ontario

Didier chose the Management program at U of T Scarborough because he recognized that the program would help him reach his goals for the future. He especially valued the work experience that co-op provided.

In addition to his studies and co-op work terms, Didier founded Standout, the campus’s first management communications student club. The club trains students to improve their communications skills and fosters mentoring relationships.

Didier graduated in 2020 and is now pursuing a master’s degree in management innovation and entrepreneurship and launching a startup company.

“After completing three co-op work terms, I can confidently say that I am ready to enter the workforce.”

MICHELE HARLI
Management (Co-op)
Surabaya, Indonesia

Michelle considers her time at U of T Scarborough to be one of transformation. “I started as a shy, reserved, but highly ambitious first-year student. Fast forward to this year: I won Teaching Assistant of the Year, a Case Competition, Management and Economics Student of the Year, became co-president of my club Human Resources Alliance (HRA), and landed my dream job at Deloitte.”

Michelle credits the support of her professors and the practicality of co-op work terms with helping her to understand how businesses function and giving her the ability to see the bigger picture. She also learned that mistakes aren’t a sign of failure, but rather a valuable opportunity for growth.

“Not only are students always helping and supporting one another, but the faculty is also top-notch. Everyone is rooting for you to succeed. There are so many innovative opportunities to learn and grow both professionally and personally.”

STATE-OF-THE-ART FACILITIES AND APPLIED LEARNING

U of T Scarborough is a leader in creating and delivering high-quality experiential learning opportunities—or, Work-Integrated Learning (WIL)—for all Management students. Outside of the classroom, our innovative network of faculty, alumni, industry, and community partners accelerate students’ learning in The BRIDGE: a leading-edge, multi-purpose academic space that features a business analytics lab with trading floor, a management library, and a vibrant mentorship program for aspiring entrepreneurs.

Meet The BRIDGE Entrepreneur in Residence: Joe Gagliese, CEO of Viral Nation and mentor to U of T Scarborough BBA students! uoft.me/joe-gagliese
HOW TO APPLY
APPLICATION & ADMISSIONS PROCESSES

1 COMPLETE AN ONLINE APPLICATION FORM

Pay attention to application deadlines.
Ensure that your mailing address and email address are correct—that’s how we will communicate with you!
ouac.on.ca

2 REVIEW YOUR “TO-DO” LIST

Find out which supporting documents you will need to send or complete, including information about academic records, English language facility and supplementary information.
future.utoronto.ca/apply/to-do-list

3 USE THE JOIN U OF T ADMISSION WEBSITE

Login instructions for JOIN U of T will be sent to you in the acknowledgment email.
Check the JOIN U of T website to see the status of your application, confirm the receipt of documents and view admissions decisions.
join.utoronto.ca

4 SUBMIT YOUR SUPPLEMENTARY APPLICATION FORM (SAF) IF REQUIRED

While most programs at U of T Scarborough will be using only your academic record for admissions consideration, some programs do require that you submit additional information.
If you do not submit your Supplementary Application Form by the deadline, you may jeopardize your application.

Deadlines are subject to change. To ensure consideration, submit your application and documents as early as possible.

SELECTION CRITERIA

The general requirements for admission can vary by educational jurisdiction. Further information can be found at future.utoronto.ca.

Applicants are considered based on a wide range of criteria, including:
• Academic record
• Consistency of achievement
• Performance in subject prerequisites
• Supplementary Application Form (SAF) where required
• Interview where required
• Special consideration and extenuating circumstances

The University of Toronto does not have the capacity to admit all applicants who meet the minimum general and program-specific requirements. We seek to admit the best possible students on the basis of academic performance and potential, and will select students for admission based on competitive strength.
ENGLISH LANGUAGE REQUIREMENTS

Proof of English language facility is required from all undergraduate applicants except for those:

- Whose first language (i.e., the language they learned at home as a child) is English, or
- Who have achieved satisfactory academic progress in at least four years of full-time study in an English-language school system located in a country where the dominant language is English, or
- Whose first language is French and who have achieved satisfactory academic progress in at least four years of full-time study in Canada.

Please note that other English language tests and qualifications are also considered.

For a comprehensive list and complete details on our English language proficiency requirements, visit utsc.utoronto.ca/admissions/university-applicant

ACADEMIC ENGLISH

The University of Toronto Scarborough also offers Academic English, a summer language program for newly admitted students whose English proficiency scores are below the minimums required for direct admission. Admission to this program is competitive. Applicants must be highly qualified academically and need to satisfy the English Facility admission requirement. Applicants who are eligible for this program will receive a conditional offer of admission to U of T Scarborough and an invitation to register for Academic English. utsc.utoronto.ca/academicenglish

Students enjoy the warm weather in the Fred Urquhart Memorial Garden.

Joan Foley Hall

TRANSFER STUDENTS FROM OTHER POST-SECONDARY INSTITUTIONS

University

Applicants with good academic standing in previous studies will be considered for admission. To be eligible for a U of T degree, you must complete at least half of your degree studies at U of T.

Some of our programs are limited enrolment and students must complete our equivalent of 4.0 transferable credits, including the required first-year courses, to be considered for direct admission. Specific courses may be required.

For more information, please visit our website for further information.

utsc.utoronto.ca/admissions/university-applicant

Ontario Colleges

We will consider your application if you have completed a two-year diploma, or at least two years of a three-year diploma, in a program with sufficient academic content and minimum average of "B". Competitive programs may require higher averages.

All program prerequisites must be satisfied at the Grade 12 U level. Two semesters of each subject taken at an Ontario College may be considered in lieu of Grade 12 U program prerequisites.

U of T Scarborough has articulation agreements with more than 25 other recognized post-secondary institutions, including the required first-year courses, to be considered for direct admission. Specific courses may be required.

For more information, please visit our website for further information.

utsc.utoronto.ca/admissions/university-applicant

TRANSFER CREDIT

We generally accept transfer credits from credit courses offered by other recognized post-secondary institutions or advanced curricula, where the course content is equivalent to the U of T Scarborough course. Instructions for transfer credit eligibility will be included in your offer of admission package.

Applicants from Canadian universities can use Transfer Explorer as a guideline to see how their courses will transfer to the University of Toronto for degree credit.

Visit transferex.utoronto.ca

Transfer credit is awarded for Higher Level (HL) exams where a final grade of at least 5 is achieved.

Transfer credit is awarded for Standard Level (SL) exams.

Transfer credit is awarded to a maximum of 3.0 credits where a grade of at least 4 is achieved.

General Certificate of Education: Transfer credit is awarded for GCE Advanced Level examinations where a final grade of ‘B’ is achieved.

For more information on transfer credit for post-secondary and secondary studies, visit utsc.utoronto.ca/admissions/transfer-credits

POST-SECONDARY INSTITUTIONS

We have articulation agreements with more than 25 other recognized post-secondary institutions, including the required first-year courses, to be considered for direct admission. Specific courses may be required.

For more information, please visit our website for further information.

utsc.utoronto.ca/typ-utsc

TRANSITIONAL YEAR PROGRAMME (TYP)

The Transitional Year Programme (TYP) is for Canadian Citizens, Permanent Residents, or Protected Persons who were unable to finish high school due to financial problems, family difficulties, or other personal circumstances.

utsc.utoronto.ca/typ-utsc
NEXT STEPS

AFTER YOU APPLY

1. Watch for an acknowledgment of your application
   We will send you an acknowledgment email which will contain your U of T applicant number and JOINid shortly after we receive your application.

2. Review the Application To-Do List
   The Application To-Do List will list which documents you are required to submit for admission consideration, key deadline dates, how admissions decisions are made and much more. If you are considering living on campus, ensure you submit the University’s common residence application, StarRez, by the guaranteed deadline date of March 31.
   future.utoronto.ca/apply/to-do-list

3. Fill out the Supplementary Application Form
   If you applied to Management (Regular or Co-op), Co-op Management & International Business, Co-op International Development Studies, Double Degree in Management & Finance and Statistics—Quantitative Finance Stream (Regular or Co-op), or Paramedicine, you will need to complete your Supplementary Application Form (SAF) before the deadline listed in your JOIN U of T portal in order to be considered for admission.
utsc.utoronto.ca/admissions/saf

4. Make note of any interviews
   You may be asked to have an interview for admission to certain programs (e.g., Co-op Management & International Business). You will be notified if an interview is necessary once your Supplementary Application Form (SAF) has been reviewed. Submit your SAF as early as possible in order to ensure interview consideration.

5. Check your application’s status
   The JOIN U of T website has useful information about documents we require and how to send them to us, offer decisions, and where you can confirm that we’ve received your acceptance. You can set up your JOINid, which grants you access to the website, as soon as you receive your acknowledgment and U of T applicant number.
   join.utoronto.ca

AFTER RECEIVING AN OFFER

1. Accept Your Offer of Admission
   Your offer of admission letter will be posted in your JOIN U of T portal. Follow the instructions to accept your offer by the deadline.

2. Prepare to Study at U of T Scarborough
   There are many things you can do to prepare to study at U of T Scarborough. They may not all apply to you so be sure you read things carefully.
   a. Apply for residence (if you haven’t already done so by March 31) or look for off-campus housing
   b. Apply for available scholarships and finalize your financial plan: utsc.utoronto.ca/admissions/finances-overview
   c. Apply for a transfer credit assessment (if required): utsc.utoronto.ca/admissions/transfer-credits
   d. Apply for or upgrade your study permit: utsc.utoronto.ca/utscinternational

3. Attend Get Started and Choose Your Courses
   Get Started is an informative and interactive academic orientation hosted by the Academic Advising & Career Centre to help you transition to U of T Scarborough. All incoming students, and their parents, are encouraged to attend—and almost all do!

4. Explore Your New Campus
   Over the summer, we’ll be hosting many events, orientations, workshops to boost your math and writing skills, and more. We hope you take advantage of as many of these events as you can!

**LEGEND**

1. The "Approximate Grade Requirement" provided for each program indicates the admission average for that program in the previous academic year. This mark is not a "cut-off point" or enrolment limit. It is a general guideline only.
2. Management & International Business (co-op only)
3. U of T degree plus Centennial College certificate earned.
4. No direct entry from high school; a minimum of one year of postsecondary studies required.
5. U of T degree plus Centennial College certificate earned.
6. Limited to high school applicants.
7. Applicants who have completed the Paramedicine diploma program at Centennial College will also be considered.
8. Not available for international students.
ADMISSION QUALIFICATIONS & COURSE EQUIVALENTS

Curriculum | Admission Requirements | English | Calculus & Vectors | Advanced Functions | Biology | Chemistry | Physics
--- | --- | --- | --- | --- | --- | --- | ---
Ontario | Secondary School Diploma (minimum of 4U/4F level including English). The co-op component of Grade 12 courses will not be used for admission purposes. | ENGR4U | MHF4U | MCF3M | SBN4U | SCH4U | SHY4U
International: Barbados, British Columbia & Yukon | Complete Diploma including English. Math Studies is not acceptable for any program with a Math prerequisite. | English A/B (HL or SL) or SL Literature and Performance or SL Text and Performance | Mathematics: Applications and Interpretations HL (Analysis and Approaches HL) or Mathematics: Analysis and Approaches SL | Mathematics: Applications and Interpretations SL (Mathematics HL or Further Mathematics HL) | Biology (HL or SL) | Chemistry (HL or SL) | Physics (HL or SL)
Quebec: CEGEP | Quebec: Grade 12 academic subjects numbered 30 including English Language Arts 30-1 or English 30. | Calculus 12 or Calculus AP (AB or BC) | Pre-Calculus 12 or Calculus AP (AB or BC) | Anatomy and Physiology 12 (Biology 12) | Chemistry 12 | Physics 12 | Physics 12
Quebec: Grade 12 | Quebec: Grade 12 academic subjects numbered 30 including English Language Arts 30-1 or English 30. | Calculus 12 or Calculus AP (AB or BC) | Pre-Calculus 12 or Calculus AP (AB or BC) | Biology 30 | Chemistry 30 | Physics 30 | Physics 30
Alberta, Northwest Territories | Albert High School Diploma with five Grade 12 academic subjects numbered 30 including English Language Arts 30-1 or English 30. | ELA 30-1 | Math 30 or Calculus AP (AB or BC) | Math 30-1 | Biology 30 | Chemistry 30 | Physics 30
Saskatchewan | Alberta or Nunavut Secondary School Diploma with six Grade 12 academic subjects numbered 30/31 including English 30-1. In Inuktitu and Aulajaaqtut 12 are acceptable. | ELA 30-1 | Math 30 or Calculus AP (AB or BC) | Math 30-1 | Biology 30 | Chemistry 30 | Physics 30
Ontario: Grade 12 | Ontario: Grade 12 academic subjects numbered 30 including English Language Arts 30-1 or English 30. | Calculus 30 or Calculus AP (AB or BC) | Pre-Calculus 30 or Calculus AP (AB or BC) | Biology 30 | Chemistry 30 | Physics 30 | Physics 30
Quebec: Grade 12 | Quebec: CEGEP | 12 academic subjects including English/ English A/English AS (two terms). Students who have completed more than 12 academic subjects may receive transfer credit in arts, science, business/commerce programs. Those who have a complete DEC are likely to be admitted. | 2 semesters of English/English A/English AS (two terms) | Calculus 1 | Linear Algebra 1 | Linear Algebra 1 | Linear Algebra 1 & 2

FEES & FINANCIAL AID

All fees are listed in Canadian currency and are subject to change. Fees for the 2022-2023 academic year will be approved in late April 2022 and will be available on the website of the Vice-President and Provost (provost.utoronto.ca). You may use the current fees listed below to estimate your expenses. Detailed fee information is also available from the Office of Student Accounts, future.utoronto.ca/fees

TUITION FEES 2021-2022

Based on a normal full-time course load of 5.0 credits.

<table>

GOVERNMENT LOANS & GRANTS

Ontario Residents

The Ontario Student Assistance Program (OSAP) is a government-funded financial aid program that offers loans and grants for Ontario residents. Applications are available at ontario.ca/osap. If you require assistance, contact the UT Scarborough Financial Aid Office.

Other Canadian Provinces & Territories

Students residing in other Canadian provinces or territories can apply for student loans from their provincial (or territorial) governments.

Indigenous Students

Eligible students planning on enrolling in university studies may qualify for financial support through their band or other government-sponsored programs. Check with your band or with Indigenous and Northern Affairs Canada.

Other Countries

Students residing outside of Canada should check with their local governments for loans or funding applicable for studying in Canada.

UTAP – University of Toronto Advance Planning for Students

1. As a planning tool, UTAPs will give early information about the amount of government aid and possible U of T grant assistance you can expect. This allows you to start your financial planning early.

2. As an application form, UTAPs is used for many of our scholarships and special grant programs for Canadian citizens or permanent residents.

3. As a grant program, UTAPs may provide additional funding to OSAP recipients after classes begin in September. OSAP recipients will be automatically considered for this grant. Out-of-province and Indigenous students may apply online for the UTAPs grant.

U of T Scarborough Grant/Bursary Program

Grant/Bursary applications are available for full-time students two years at a time: in the Fall/Winter, and Summer sessions. The online application is available through the U of T Grant Portal after classes start in September. Deadlines are available on the Registrar’s Office website.

Work Study Program

A wide variety of career-related part-time jobs are available at U of T Students can begin to apply for positions starting in mid- to late August. Successful applicants are allowed to work up to 15 hours a week. Interested students can visit the Academic Advising & Career Centre for more information.

SCHOLARSHIPS

Check what’s available at awardexplorer.utoronto.ca
Don’t forget: some awards require a nomination from your school.

ENTRANCE SCHOLARSHIPS — APPLICATION NOT REQUIRED

President’s Scholars of Excellence Program (PSEP) — $10,000
Awarded to approximately 50 of the most highly qualified students across the University of Toronto. In addition to the scholarship funds, students receive access to meaningful on-campus employment and an international learning opportunity. The PSEP award may not be held in conjunction with a U of T Scarborough entrance scholarship, though students with an average of 95%+ may qualify for the U of T Scarborough Entrance Scholarship renewability portion in years 2, 3 and 4.

President’s Scholars of Excellence Program (PSEP) — $10,000
Awarded to the top students admitted to U of T Scarborough. Typically, students will have an average in the mid-90s. The U of T Scholars award may not be held in conjunction with a U of T Scarborough entrance scholarship, though students with an average of 95%+ may qualify for the U of T Scarborough Entrance Scholarship renewability portion in years 2, 3 and 4.

U of T Scholars — $7,500

ENTRANCE SCHOLARSHIPS — APPLICATION REQUIRED

Some scholarships require an application through the U of T Awards Profile or through an external application. For more detailed information on available scholarships and their deadlines, please visit our website: uoft.me/utsc-scholarships

For scholarship eligibility criteria and conditions, visit uoft.me/utsc-scholarships

EXPLORE UTSC

The best way to determine if U of T Scarborough is the right campus for you is through our on-campus and online events.

ON-CAMPUS TOURS AND EVENTS
Visit the campus for a look at our facilities, services, student life, residence life and for information on our degree programs. Visit our website for information on upcoming tours and special open house events.

ONLINE EVENTS
Enjoy a preview of U of T Scarborough from anywhere! We host virtual events to provide information on programs, application process and student experience. Plus, our staff and students are available to answer your questions.
