We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.
The University of Toronto Scarborough welcomes you to an exceptional, inclusive and diverse community of students, faculty and staff that ignites the imagination, sustains a passion for creativity, nurtures social consciousness and entrepreneurship, and inspires learning and scholarship which has positive local and global impact.”

—Professor Wisdom Tettey, Vice-President, University of Toronto and Principal, U of T Scarborough

EXPLORE U OF T SCARBOROUGH

"The University of Toronto Scarborough welcomes you to an exceptional, inclusive and diverse community of students, faculty and staff that ignites the imagination, sustains a passion for creativity, nurtures social consciousness and entrepreneurship, and inspires learning and scholarship which has positive local and global impact.”

—Professor Wisdom Tettey, Vice-President, University of Toronto and Principal, U of T Scarborough

Consistently ranked as one of the top universities in Canada and the world for:

U OF T QUALITY

U OF T SCARBOROUGH

250+ program options

1,400+ courses

14,159 undergraduate students

300 acres of parkland surround campus

45% of our first-year students are citizens of countries other than Canada

150 countries represented in our student population
CAMPUS ENVIRONMENT

When you step on the campus, you can see why so many students choose us. U of T Scarborough is nestled in 300 acres of the Highland Creek Valley, a gorgeous parkland that is one of Toronto’s most vibrant green spaces. It’s an inspiring environment to study in, and a great community to call home.

Mohamed Redha
Statistics—Data Mining and Machine Learning
Manama, Bahrain

I believe that the U of T Scarborough experience is what you make it out to be. I joined my Residence Advisors (RAs) during my first year at U of T Scarborough and they made this campus feel like home. Naturally, I decided to follow in their footsteps and become an RA myself, where I got to be part of a community of diverse cultures and personalities. I was able to hear so many fascinating stories and meet wonderful people that I am happy to call my friends. After working as an RA and living on campus for most of my undergraduate career, U of T Scarborough has truly become home to me. I’m glad I was able to make it home to so many other students as well.

Haris Malik
Computer Science (Co-op)
Abbottabad, Pakistan

As a first-year student, I was selected as the President of the Scarborough Campus Residence Council. This position gave me endless opportunities to meet and interact with people from every part of the world and learn about their cultures, heritage, and experiences. Student Housing & Residence Life played an important role in ensuring the success of the Council by guiding us through every challenge that we faced and helping us to provide the best residence experience for students.

STUDENT HOUSING

Your home away from home on campus is less than a five-minute walk from academic buildings. Develop your independence while discovering and being part of an active, close-knit community. Staff, Residence Advisors, and Counsellor-in-Residence are all available to support you and to foster the development of a healthy and positive community.

Townhouses and Apartments

• 850 beds; 68% single bedrooms
• Full kitchen, living, and dining area within each townhouse or suite
• Optional meal plans
• Steps away from the Residence Centre, which features lounges, study spaces, and games

New Residence Building—Opening Soon!

• 750 beds; single and double occupancy rooms
• Variety of flexible meal plans
• Integrated dining facility
• Mixed-used spaces for workshop-style learning
• Outdoor roof garden and terrace

TRANSIT

Whether you’re commuting, exploring the Scarborough community, or have a destination in downtown Toronto or across the Greater Toronto Area (GTA), transportation options are steps away. Over 750 buses from Toronto Transit Commission (TTC), GO Transit, and Durham Region Transit stop at U of T Scarborough each day.
COMMUNITY

What makes U of T Scarborough special isn’t just our strong academics—it’s a welcoming campus atmosphere centred around Inspiring Inclusive Excellence. Our campus embraces and promotes the enriching contributions that come from the diverse backgrounds, ways of knowing, ideas, perspectives, and experiences represented in our community.

INDIGENOUS HOUSE
U of T Scarborough’s commitment to creating inclusive and welcoming spaces for all learners will continue with the construction of Indigenous House. This new gathering space will be dedicated to learning about Indigenous culture and ways of knowing. It will honour the lands, cultures, traditions, and knowledge systems of the peoples on whose traditional territory our campus is located. It will also help foster partnership and reconciliation with Indigenous communities based on sovereignty, reciprocity, mutual trust, understanding, and respect.

Being a student doesn’t just mean finding a community on campus—you will be part of the Scarborough community, the most diverse neighbourhood in Canada’s most diverse city.

Our students are active participants in the Scarborough community. You can join one of over 100 weekly community outreach opportunities at eight sites in Scarborough.

One of the campus’s foundational outreach opportunities is the Imani Black Academic Mentorship program. Since 2005, over 1,500 local middle and high school students have been served by over 300 U of T Scarborough students through tutoring, Afrocentric workshops, and programming to encourage access to post-secondary education.

INDIGENOUS HOUSE

BRANDON JANG
Psychology (Co-op)
Scarborough, Ontario

In my first year, I was one of those students who would go to class and then immediately go home. Joining the Athletics & Recreation department completely transformed my university experience. I was hired for the role of Outreach Coordinator where I helped students step outside their comfort zones. At the same time, this role helped me step outside my own comfort zone. I began to get more involved at U of T Scarborough by joining multiple clubs and teams. I dedicated the rest of my university experience to connecting students within the community and creating inclusive and innovative events. None of this would have been possible without the push that my role with Athletics & Recreation gave me.
HEALTHY CAMPUS

The Healthy Campus Initiative means that everything we do—from teaching, research, and student activities to the facilities and the grounds we design, build and use—are health-enhancing. We have defined ‘health’ holistically to include mental, physical, and spiritual elements as we see accessibility, equity, safety, and sustainability as essential components of a healthy campus.

utsc.utoronto.ca/healthycampus

MENTAL HEALTH NETWORK

U of T Scarborough’s Mental Health Network provides partnerships and collaborations between key stakeholders consisting of students, staff, and faculty. Our purpose is to promote and support mental health on campus that is community-driven, intentional, and coordinated to meet the needs of the U of T Scarborough community.

ATHLETICS

TORONTO PAN AM SPORTS CENTRE (TPASC)

• Two Olympic-size pools
• Multi-level fitness centre
• Field house consisting of four competition-size gymnasiums
• 41-foot climbing wall

All U of T Scarborough students have access to:

• Athletic facilities on campus, including TPASC, outdoor playing fields, and tennis courts
• Athletics facilities at other U of T campuses
• Wide array of programming

FITNESS & INSTRUCTIONAL

U of T Scarborough offers beginner, intermediate, and advanced fitness and instructional classes.

VARSITY

U of T’s Varsity Blues sports teams gather elite athletes from across all three campuses to compete against other universities.

INTRAMURAL

Organized competition among all three U of T campuses.

MENTAL HEALTH NETWORK

I volunteered with the Health & Wellness Centre as a Peer Educator on the Mental Wellness Team. I hosted wellness talks for U of T Scarborough students, represented the Health & Wellness Centre at events, and connected struggling students to resources on campus.

AMAAN JABBAR
City Studies
Scarborough, Ontario

*All programs offer options for men and women unless otherwise noted.
U of T Scarborough offers many dynamic paths to success. With more than 250 program options and over 1,400 courses offered annually, the hardest choice will be deciding what to learn first.

Our programs are categorized into the following admission categories. You will select one of the following admission categories when applying to U of T Scarborough.

**ARTS**
- French—HBA
- International Development Studies (co-op)—HBA/HBSc
- Journalism—HBA
- Social Sciences & Humanities—HBA
- Visual & Performing Arts, Arts Management and Media—HBA

**BUSINESS**
- Management—BBA
- Management & International Business (co-op)—BBA

**SCIENCE**
- Computer Science—HBSc
- Life Sciences—HBSc
- Mathematics—HBSc
- Paramedicine—HBSc
- Physical & Environmental Sciences—HBSc
- Psychological & Health Sciences—HBSc
- Statistics—HBSc

**DOUBLE DEGREE**
- Management & Finance (BBA) and Statistics—Quantitative Finance Stream (HBSc)

**COMBINED DEGREES & CERTIFICATES**
- **Combined Degrees**
  Through our combined degree options, you can smoothly bridge from undergraduate to graduate degree studies at the University of Toronto. You begin with an undergraduate program and add the graduate degree as you progress through your studies. uoft.me/utsc-combined
- **Certificates**
  Whether taken as part of an undergraduate program or after completion of a degree, U of T Scarborough’s for-credit certificates provide you with expanded skillsets and an additional certification as you begin or advance your career. uoft.me/utsc-certificates

**BUILDING YOUR DEGREE**

**CO-OP**

When building an Arts, Science, or Business degree at U of T Scarborough, you can mix and match Specialist (9-16 credits), Major (6-9 credits), and Minor (4-5 credits) programs to suit your goals. For example, you can pursue a Specialist, or two Majors, or one Major and two Minors. Overall, in your undergraduate degree, you will take at least 20 credits across your chosen subject areas.

U of T Scarborough is the only University of Toronto campus that offers formal co-op programs in the arts, sciences and management. Leaders in co-op education for nearly 50 years, our 45 co-op programs give you on-the-job learning within full-time, paid work terms in industries, organizations, and businesses relevant to your field of study. See page 12 to learn more about Co-op.

**INTERNATIONAL OPPORTUNITIES**

U of T Scarborough has a variety of international programs for you to learn, research, and work abroad. You can participate in learning abroad opportunities in 40+ countries around the world, gain valuable international research experience, and enhance your future employment opportunities.

Students who demonstrate financial need can be awarded up to $10,500 for an international experience.

**GLOBAL UNIVERSITY**

Students can work towards a Global Scholar designation by taking a curated set of courses offered by their program or department. When those courses are completed, students will receive a “Global Scholar” notation on their transcript. Students can also work towards a Global Citizen designation that will appear on their co-curricular record (CCR) through workshops and activities to develop their understanding of globalization, global citizenship, and inter-cultural cooperation. A new Minor in Global Leadership is proposed to launch in 2023. The minor will develop U of T’s first tri-campus multidisciplinary undergraduate community of diverse and globally agile problem solvers.

**Legend:**
- HBA—Honours Bachelor of Arts
- HBSc—Honours Bachelor of Science
- BBA—Bachelor of Business Administration
CO-OP PROGRAMS

Gain a competitive advantage. U of T Scarborough’s co-op programs empower students with unparalleled learning opportunities and professional development to prepare you for success during and after your undergraduate degree.

THE CO-OP STUDENT ADVANTAGE

- Develop and enhance your career prospects with leading-edge job preparation and hands-on training before your first work term.
- Put classroom theory into practice and gain invaluable work experience through partnerships with industry-leading employers domestically and internationally.
- Stand out with 8 to 16 months of full-time, paid on-the-job experience.
- Graduate in 4 years in almost every co-op program or create a flexible plan to extend your studies as needed. Co-op International Development Studies and the Double Degree (BBA/HBSc) are 5-year programs.
- Build new professional relationships and network with friendly alumni and employers through organized career readiness programs.
- Develop the skills, knowledge, and expertise necessary to secure a rewarding career after graduation or go on to graduate school and professional programs.
- Earn $2,900–$6,300 per month on average while on a work term, depending on program. (Compensation rates vary depending on variables such as industry, job function, and year of study.)

JILL BROOKS
Psycholinguistics
Scarborough, Ontario

I wanted to learn more about language—the structures, how we use it, and how we acquire it. I wanted this knowledge because I am passionate about languages, but also because I want to use it to help those who have language and communication challenges. The best part of my program is the passion and inquisitiveness of my professors. They have created an environment that is always open to discussion and investigation. We all have experience with language in some capacity and my professors have created environments that support us in sharing our stories.

Available only as a co-op program.

These programs have a co-op option.

Students in Anthropology Lab
ARTS PROGRAMS

A vibrant collection of programs that bring with them a wealth of artistic and academic opportunities. If you want to focus on a single discipline, you can do so in unique programs like Arts Management, Studio Art, or Journalism (a joint program with Centennial College). Or you can combine a number of multi- and interdisciplinary offerings that enable you to engage your passion in the arts while studying disciplines in other departments.

“"The Resistible Rise of Arturo Ui"

JOELA ANNIKA TAWIAH
Public Policy, Double Minor in Economics and International Development Studies
Accra, Ghana

I always wanted to study Economics but had no idea the love I would build for Public Policy and International Development Studies until I took a few courses in my first and second years. Not only do I get to learn about the Canadian government and the processes that make up our governing policies, but I also get an in-depth understanding of Development discourses and how it affects our social, economic, and individual level activities.

DIVYA DEY
International Development Studies and Environmental Sciences
Toronto, Ontario

I chose my areas of study because they aligned with my passions and who I am as a person. I was working with Free the Children at the time and immediately knew International Development Studies was a perfect fit. In addition, I was able to add on an Environmental Science major, a French minor, and two U of T certificates in Sustainability and Global Development, Environment, and Health.
The work of scientists will influence decisions made over the next decades—decisions that will have an extraordinary impact on the world’s future and how we meet the challenges ahead. Engage in high-profile research with some of Canada’s leading scientists and researchers and learn firsthand how to ask—and answer—the questions that make a difference.

I have always been interested in research, investigating the molecular mechanisms of various diseases, and hope to pursue a career in the development and improvement of disease therapeutics. My program is preparing me well with basic knowledge of molecular biology and laboratory techniques, which are fundamental to more in-depth study in the field later. The program exposes students to a wide range of major topics in biology including molecular biology, animal & plant physiology, and ecology during the first two years. But it also offers enough specialized knowledge in the field of molecular biology such as microbiology, immunology, and biochemistry in upper-year courses. The combination of specialization and flexibility allows students to pursue a wide range of career paths after graduation.

From artificial intelligence to big data, U of T Scarborough’s professors share the most current industry application and academic theories available in these rapidly changing fields. Innovative problem-solving and practical skills mean STEM (science, technology, engineering, and mathematics) graduates are in high demand in all sectors.

I am interested in research, investigating the molecular mechanisms of various diseases, and hope to pursue a career in the development and improvement of disease therapeutics. Curious about chemistry? Wonder what we can do about water shortages? Our award-winning instructors will inspire you to delve deeply into subjects from planetary physics to the benefits of electric cars. Qualified environmental scientists are also in demand around the world. Explore today’s environmental challenges through our strong environmental science undergraduate and master’s programs or our interdisciplinary PhD.

**PHYSICAL & ENVIRONMENTAL SCIENCES**

- Applied Climatology
- Astronomy & Astrophysics
- Biochemistry
- Biological Chemistry
- Chemistry
- Environmental Chemistry
- Environmental Geoscience

Some of the most compelling and longstanding questions in the history of human thought seek to understand the mind and behaviour. How do we learn, adapt and remember? Why do we act as we do? What causes mental disorders from the level of the brain to the impact on everyday life? This is where we’re unravelling some of the mysteries of the brain and its mechanisms of action.

These programs have a co-op option.

**PSYCHOLOGICAL & HEALTH SCIENCES**

- Health Studies: Population Health
- Mental Health Studies
- Psychology
- Double Degree (HBSc/HBA): Psychology & English

I can’t stress enough how cool it is to see so much innovation and positivity come out of a student-run event like Hack the Valley. I highly recommend participating in a hackathon at least once. Even if you don’t complete a project during the event, you meet a lot of cool people with similar interests and get inspired by all the speakers and special guests.

EDGAR SARKISIAN
Computer Science (Co-op)
Richmond Hill, Ontario

I am glad I got the chance to supplement my education with additional experiences. This includes attending networking and skills workshops by the Academic Advising & Career Centre, utilizing the 3D printers at the UTSC Library Makerspace, and taking part in school clubs and Departmental Student Associations. I also participated in the Undergraduate Research Poster Forum which gave me the chance to highlight my undergraduate research experience and enhance my scientific communication as I prepared an abstract poster and presentation.

NAYAAB PUNJANI
Biochemistry (Co-op)

Scarborough, Ontario
BUSINESS PROGRAMS

The increasingly complex business landscape requires a new generation of leaders to tackle the world’s most pressing challenges. Our business programs will prepare you with the latest in management theory, strategy, and skills to excel in the global business environment.

Program highlights:

- Every Management student benefits from practical Work-Integrated Learning (WIL) experiences curated in partnership with faculty, industry leaders, community organizations, and student support staff.
- Pursue 12 months of paid, accredited co-op employment while completing your studies.
- Professional skills and career readiness preparation.
- Interpersonal development and leadership training, including cross-cultural communication.
- Study in every functional area of business management as a foundation, with the option to specialize in upper years.
- Launchpad for entrepreneurs and students who wish to pursue professional certification in areas such as accounting and human resource management, or further study in graduate programs or law.

It’s no wonder that U of T consistently ranks as the top university in Canada for producing career-ready graduates who are employed in every sector domestically and internationally by top global companies.

Through real-time business simulations, an array of co-curricular opportunities with diverse students, and innovative teaching by faculty experts, our program offers a dynamic learning environment for you to build your Experience to Lead.

STATE-OF-THE-ART FACILITIES AND WORK-INTEGRATED LEARNING

COMBINED BBA AND MASTER OF ACCOUNTING & FINANCE

Already considering graduate school? Our combined degree program accredited by the Chartered Professional Accountants (CPA), Chartered Financial Analyst (CFA) Institute, and the Association of Chartered Certified Accountants (ACCA) allows you to benefit from a direct pathway to North America’s only Master of Accounting & Finance (MAccFin) program starting in your second year of the Management & Accounting BBA program. You will benefit from the strength of each program’s curriculum, increase your competitive edge in the job market, and prepare for two professional accounting designations and one finance designation upon graduation.

With integration of advanced courses in accounting, finance, leadership, data analytics, and strategy, along with practical experience through co-op, you will be well prepared for ascending positions in both accounting and finance worldwide.

OUR DIVERSE COMMUNITY OF FUTURE LEADERS

The Department of Management is home to more than 15 student-led organizations and clubs specializing in all functional areas of business and professional development—a great way to make friends, grow your network, and enhance your resume! Among them, the Black Students in Business (BSB) collaborate with internal and external partners to create programs and opportunities for both current and future Black business students, including the annual LEAD Conference for underrepresented high school students to explore pathways in higher education.

Anh, Management and International Business grad

The best part of being in Management is definitely the community culture. Since the program offers specialization and everyone is taking the same classes, there is a strong sense of the collective experience of a Management student. Additionally, being in Management has refined my leadership skills. We have access to opportunities that instill the core competencies that we need to be successful in the business world.

Being a part of clubs has really enhanced my campus experience. I’ve been able to meet new students and make friends. As an international student, I was scared that I’d feel isolated in a new country, but being in clubs made it easier to put myself out there and connect with people.

OLUWADAMILOLA FAKOLUJO
Management
Nigeria

With the world advancing toward globalization, there is an urgent need to understand how culturally different societies are intertwined from a business perspective. Knowledge is key, and the ability to adapt is paramount. I want to learn as much as possible about the way our work environment functions across cultures, as well as the different practices involved in developing successful firms, on a global scale. The Management and International Business program answers my needs.

The best part of being in Management is definitely the community culture. Since the program offers specialization and everyone is taking the same classes, there is a strong sense of the collective experience of a Management student. Additionally, being in Management has refined my leadership skills. We have access to opportunities that instill the core competencies that we need to be successful in the business world.

3. **WATCH YOUR INBOX!**
   - **JAN–MAY**
     - Offers of admission are issued to both OUAC 101 and 105 applicants. uoft.me/utsc-deadlines
   - **JAN 12**
     - Application deadline for most U of T Scarborough programs.
   - **MAR 31**
     - Residence application deadline
     - utsc.utoronto.ca/residences
   - **JUNE 1**
     - OUAC 101 applicants must accept their offers by June 1.
     - OUAC 105 applicants should check their offer of admission in JOIN for the deadline by which they must accept their offer, and any further steps to secure their spot.

4. **IF YOU GET AN OFFER**
   - You can always monitor the status of your application by signing into the JOIN Portal: You’ll also be able to see a running list of documents that you’ve submitted and that we still need from you.
   - Congratulations! Keep your grades up—and make sure to satisfy any conditions listed in your offer of admission.

---

**WHAT IS A SUPPLEMENTARY APPLICATION FORM?**

A Supplementary Application Form (SAF) helps us get to know you better! What’s your story? We welcome students with varied lived experiences and whose activities demonstrate learning and/or leadership potential beyond their academic records. The SAF is a safe space for you to tell us about your life, interests, and goals for attending U of T Scarborough. We’re looking for engaged students of any background who will bring leadership, passion, and diverse perspectives.

Watch our video about SAFs: uoft.me/utsc-saf

**ADMISSION CATEGORIES THAT REQUIRE A SUPPLEMENTARY APPLICATION FORM**

- Management (Regular or Co-op)
- Co-op Management & International Business*
- Co-op International Development Studies
- Double Degree in Management & Finance and Statistics-Quantitative Finance Stream (Regular or Co-op)
- Paramedicine

**ADMISSION INTERVIEW:**

In addition to the SAF, an interview is required for admission to Co-op Management & International Business. You will be invited to register for an interview once your Supplementary Application Form (SAF) has been reviewed. Submit your SAF as early as possible to ensure interview consideration.

**SELECTION CRITERIA**

The general requirements for admission can vary by educational jurisdiction. Further information can be found at future.utoronto.ca.

Applicants are considered based on a wide range of criteria, including:

- Academic record
- Consistency of achievement
- Performance in subject prerequisites
- Supplementary Application Form (SAF) where required
- Interview where required
- Special consideration and extenuating circumstances

The University of Toronto does not have the capacity to admit all applicants who meet the minimum general and program-specific requirements. We seek to admit the best possible students on the basis of academic performance and potential, and will select students for admission based on competitive strength.
Proof of English language facility is required from all undergraduate applicants except for those:
- Whose first language (i.e., the language they learned at home as a child) is English, or
- Who have achieved satisfactory academic progress in at least four years of full-time study in an English-language school system located in a country where the dominant language is English, or
- Whose first language is French and who have achieved satisfactory academic progress in at least four years of full-time study in Canada.

<td>One full year or four full transferable degree courses at a recognized English-medium university located in a country where English is the dominant language, with minimum grades of “C.”</td>
</tr>
</tbody>
</table>

Please note that other English language tests and qualifications are also considered. For a comprehensive list and complete details on our English language proficiency requirements, visit uoft.me/elr.

ACADEMIC ENGLISH

The University of Toronto Scarborough also offers Academic English, a summer language program for newly admitted students whose English proficiency scores are below the minimums required for direct admission. Admission to this program is competitive. Applicants must be highly qualified academically and need to satisfy the English Facility admission requirement. Applicants who are eligible for this program will receive a conditional offer of admission to U of T Scarborough and an invitation to register for Academic English. uoft.me/academicenglish

TRANSITIONAL YEAR PROGRAM (TYP)

The Transitional Year Program (TYP) is for Canadian Citizens, Permanent Residents, or Protected Persons who were unable to finish high school due to financial problems, family difficulties, or other personal circumstances.

Please note that other English language tests and qualifications are also considered. For a comprehensive list and complete details on our English language proficiency requirements, visit uoft.me/elr.

STUDENTS FROM SECONDARY SCHOOLS OUTSIDE ONTARIO

For admission qualifications and course equivalents for secondary school curricula outside of Ontario, please visit our website: utsc.utoronto.ca/admissions/other-canadian-high-school

TRANSFER CREDITS

We generally accept transfer credits from credit courses offered by other recognized post-secondary institutions or advanced curricula, where the course content is equivalent to the U of T Scarborough course. Instructions for transfer credit eligibility will be included in your offer of admission package. Applicants from Canadian universities can use Transfer Explorer as a guideline to see how their courses will transfer to the University of Toronto for degree credit. Visit transferex.utoronto.ca

For admission qualifications and course equivalents for secondary school curricula outside of Ontario, please visit our website: utsc.utoronto.ca/admissions/other-canadian-high-school

Visit our website for full information about the admission process and applying for transfer credit.

U OF T FINANCIAL ASSISTANCE

Based on a normal full-time course load of 5.0 credits.

Based on a normal full-time course load of 5.0 credits.

TUAPS—UNIVERSITY OF TORONTO ADVANCE PLANNING FOR STUDENTS

1. As a planning tool, TUAPS will give early information about the amount of government aid and possible U of T grant assistance you can expect. This allows you to start your financial planning early.
2. As an application form, TUAPS is used for many of our scholarships and special grant programs for Canadian citizens or permanent residents.
3. As a grant program, TUAPS may provide additional funding to OSAP recipients after classes begin in September. OSAP recipients will be automatically considered for this grant. Out-of-province and Indigenous students may apply online for the TUAPS grant.

U OF T SCARBOROUGH GRANT/BURSARY PROGRAM

Grant/Bursary applications are available for full-time students two times a year: in the Fall/Winter, and Summer sessions. The online application is available through the U of T Grant Portal after classes start in September. Deadlines are available on the Registrar’s Office website: utsc.utoronto.ca/registrar

WORK STUDY PROGRAM

A wide variety of career-related part-time jobs are available at U of T. Students can begin to apply for positions starting in mid- to late August. Successful applicants are allowed to work up to 15 hours a week. Interested students can visit the Academic Advising & Career Centre for more information. utsc.utoronto.ca/aacc

GOVERNMENT LOANS & GRANTS

ONTARIO RESIDENTS

The Ontario Student Assistance Program (OSAP) is a government-funded financial aid program that offers loans and grants for Ontario residents. Applications are available at ontario.ca/osap. If you require assistance, contact the U of T Scarborough Financial Aid Office.

INDIGENOUS STUDENTS

Eligible students planning on enrolling in university studies may qualify for financial support through their band or other government-sponsored programs. Check with your band or with Indigenous and Northern Affairs Canada.

OTHER CANADIAN PROVINCES & TERRITORIES

Students residing in other Canadian provinces or territories can apply for student loans from their provincial (or territorial) governments.

OTHER COUNTRIES

Students residing outside of Canada should check with their local governments for loans or funding applicable for studying in Canada.

DOMESTIC STUDENTS: NON-ONTARIO RESIDENTS

SCHOLARSHIPS

Check what’s available at awardexplorer.utoronto.ca.
Don’t forget: some awards require a nomination from your school.

ENTRANCE SCHOLARSHIPS — APPLICATION NOT REQUIRED

President’s Scholars of Excellence Program (PSEP)—$10,000
Awarded to approximately 150 of the most highly qualified students across the University of Toronto. In addition to the scholarship funds, students receive access to meaningful on-campus employment and an international learning opportunity. The PSEP award may not be held in conjunction with a U of T Scarborough entrance scholarship, though students with an average of 95%+ may qualify for the U of T Scarborough Entrance Scholarship renewability portion in years 2, 3 and 4.

U of T Scholars—$7500
Awarded to the top students admitted to U of T Scarborough. The U of T Scholar award may not be held in conjunction with a U of T Scarborough entrance scholarship, though students with an average of 95%+ may qualify for the U of T Scarborough Entrance Scholarship renewability portion in years 2, 3 and 4.

ENTRANCE SCHOLARSHIPS—APPLICATION REQUIRED

Some scholarships require an application through the U of T Awards Profile or through an external application. For more detailed information on available scholarships and their deadlines, please visit our website.

First Step to Your Future
We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

Fast Facts:
- Through our financial assistance programs and generous scholarships, we do our best to ensure that financial need isn’t a barrier to education. $14.5M+ in undergraduate admission scholarships and bursaries were awarded in 2021-2022.
- During the 2021-2022 academic year, U of T Scarborough awarded 1,390 undergraduate admissions scholarships!
