TRADITIONAL LAND ACKNOWLEDGMENT

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years, it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

U OF T SCARBOROUGH COMMUNITY

STUDENT HOUSING & RESIDENCE LIFE

Experience the comfort and convenience of living right on campus. Embrace your journey of growth and independence while becoming an integral part of a tight-knit community dedicated to inclusivity. Our Staff, Residence Life Team, and Counsellors-in-Residence provide support to foster a thriving and uplifting environment for all. Join us in cultivating a vibrant and harmonious community, where your well-being and personal development are our top priorities.

- Common lounge and study space on each floor
- Mixed-use spaces for workshop-style learning

TOWNHOUSES AND APARTMENTS

- 750 beds; 90% single occupancy bedrooms
- First-year, upper-year, and graduate housing available
- Kitchenette, living, and dining area in all units
- All-access style meal plan for first-year students and optional meal plans for upper-year students
- Steps away from the Residence Centre, which features lounges, study spaces, and games

200+ CLUBS AND ASSOCIATIONS

U of T Scarborough offers a diversity of student groups along with their yearly events and opportunities that are available to its students. With hundreds of options to choose from, there's bound to be something for everyone! Start your exploring at uoft.me/clubs-associations

EMBRACING DIVERSITY BEYOND CAMPUS: ENGAGING WITH SCARBOROUGH'S VIBRANT COMMUNITY

U of T Scarborough stands out not only for its exceptional academics but also for fostering a warm campus environment centred around Inspiring Inclusive Excellence. Our campus actively embraces and encourages the valuable contributions that stem from the diverse backgrounds, knowledge systems, ideas, viewpoints, and experiences present within our tight-knit community.

Imani Graduation 2023

IMANI

The Imani Black Academic Mentorship program is a key outreach initiative on campus. Since 2005, more than 300 U of T Scarborough students have provided tutoring, Afrocentric workshops, and educational programs to over 1,500 local middle and high school students. The aim is to promote access to post-secondary education and support the academic growth of these students.

TYP Student Art Activity

TRANSITIONAL YEAR PROGRAM AT U OF T SCARBOROUGH (TYP@UTSC)

TYP@UTSC provides a pathway to university for individuals who do not have formal qualifications for U of T's admission requirements due to barriers or interruptions in their academic journey. Rooted in inclusive excellence, the program actively recruits Black, Indigenous, LGBTQ2+ students, sole-support parents, individuals with disabilities, and those from working-class backgrounds. Through university-level courses, workshops, and personalized support, students transition to degree studies. Successful completion grants degree-seeking status at the University of Toronto Scarborough, with earned university credits toward their degree. Learn more at uoft.me/typutsc

INDIGENOUS HOUSE

U of T Scarborough's commitment to creating inclusive and welcoming spaces for all learners will continue with the construction of Indigenous House. This new gathering space will be dedicated to learning about Indigenous culture and ways of knowing across Turtle Island. It will honour the lands, cultures, traditions, and knowledge systems of the peoples on whose traditional territory our campus is located. It will also help foster partnership and reconciliation with Indigenous communities based on sovereignty, reciprocity, mutual trust, understanding, and respect.

Indigenous House

HEALTHY CAMPUS COMMUNITY

HEALTHY CAMPUS INITIATIVE

U of T Scarborough has formally received recognition as a health-promoting campus through the adoption of the Okanagan Charter. U of T Scarborough's Healthy Campus ensures that every aspect of campus life including teaching, research, student activities, facilities, and grounds prioritizes wellness. Our pillars include Arts & Culture, Food & Nutrition, Mental Health, Physical Activity, Equity & Diversity, and Physical Space.

utsc.utoronto.ca/healthycampus

OUR PRIORITY: YOUR HEALTH AND WELL-BEING

Your mind will be challenged inside and outside the classroom as you learn, participate in research, and hone your skills. But it's just as important to us that your overall health and well-being is supported. The Health & Wellness Centre offers a variety of services and programming, including mental health counselling, medical appointments, and health promotion initiatives. To create an inclusive and nurturing environment where you can thrive, there are also opportunities for you to join the Mental Health Network, where students, staff, librarians, and faculty work together to support mental health on campus; the Wellness Peer Program, which increases awareness about healthy lifestyle choices; and the Peer Supporters, who offer personalized and group mental health support.

PREPARING TOMORROW'S HEALTH-CARE PRACTITIONERS

**U OF T IS #3 IN THE WORLD FOR
HEALTH SCIENCES RESEARCH OUTPUT***

*Behind Harvard University and the National Institutes of Health.

Source: Nature Index Annual Tables 2023

SCARBOROUGH ACADEMY OF MEDICINE AND INTEGRATED HEALTH (SAMIH)

Scarborough and the Eastern Greater Toronto Area (GTA) is a growing and vibrant, diverse region. To support the needs of our community, U of T Scarborough will equip the region's future health-care practitioners through the Scarborough Academy of Medicine and Integrated Health (SAMIH), scheduled to open in 2026.

SAMIH will extend the impact of U of T's health education programs including the Temerty Faculty of Medicine—ranked 5th in the world in 2022 for clinical medicine and health education—and quickly advance the region's clinical capacity across a range of disciplines.

Beginning in fall 2026, SAMIH will be home to U of T Scarborough-based programs* for:

- Nurse Practitioners
- Physical Therapists
- Physician Assistants
- Physicians

SAMIH is ready to prepare the next generation of compassionate health-care professionals. It's an exciting time to be a science student at U of T Scarborough!

*Pending approval to offer an existing U of T program at a new location.

“U of T Scarborough's flexible degree customization has paved the way for my pursuit of Psychiatry. During my undergraduate journey, I acquired crucial insights into the complexities of the human mind, laying a solid foundation for my exploration of patients' mental health in Psychiatry. My long-standing affection for the French language found its perfect home at U of T Scarborough, where I was encouraged to delve into my curiosities and passions freely.

— Josiah Osagie, Psychiatry Resident, University of Toronto, HBS, Human Biology, Psychology & French (Class of 2014, U of T Scarborough)

GET A HEAD START WITH OUR HEALTH SCIENCES STREAM

Pursuing a career as a doctor, nurse, physical therapist, dentist, physician assistant, pharmacist, or other health-care professional is a big goal. U of T Scarborough's Health Sciences stream is designed to prepare you for career success and provide a competitive advantage.

Alongside your Bachelor of Science degree, you will earn a unique certificate* that will expand your knowledge and cultivate skills like leadership, communication, equity, and critical thinking—areas that are essential in health care.

The certificate can be paired with a co-op program which provides hands-on experience through paid co-op terms with some of the top hospitals, companies, and research institutes in the region, such as SickKids, CAMH (Centre for Addiction and Mental Health), University Health Network (UHN), and Baycrest.

The Health Sciences stream and co-op opportunities are available with the following programs:

LIFE SCIENCES

- Biology
- Conservation & Biodiversity
- Human Biology
- Integrative Biology
- Molecular Biology & Biotechnology
- Molecular Biology, Immunology & Disease
- Neuroscience
- Plant Biology

PHYSICAL & ENVIRONMENTAL SCIENCES

- Biochemistry
- Chemistry
- Environmental Chemistry
- Environmental Geoscience
- Environmental Science
- Global Environmental Change
- Medicinal & Biological Chemistry

PSYCHOLOGY & HEALTH STUDIES

- Anthropology: Evolutionary
- Health Studies: Population Health
- Mental Health Studies
- Psycholinguistics
- Psychology

**Open to domestic high school applicants only. International and/or transfer students can apply for the non-health sciences stream options.*

BUILD YOUR DEGREE

CUSTOMIZE YOUR PROGRAM AT U OF T SCARBOROUGH

With more than 250+ program options and over 1,350 courses offered annually, the hardest choice will be deciding what to learn first. You will apply to an admission category (see pages 9-10) and choose your program or combination of programs during your time at U of T Scarborough. You can customize your Arts, Science, or Business degree by combining Specialist (12-16 credits), Major (7-9 credits), and Minor (4-5 credits) programs based on your objectives. In total, your undergraduate degree will consist of a minimum of 20 credits across your chosen subjects.

COMBINED DEGREE PROGRAMS

Through our combined degree options, you can smoothly bridge from undergraduate to graduate degree studies at the University of Toronto.

MANAGEMENT AND ACCOUNTING + MASTER OF ACCOUNTING AND FINANCE – COMBINED DEGREE PATH (BBA + MAccFin)

Why settle for accounting or finance, when you can have both? The Combined Degree Program (CDP) in Accounting and Finance earns you two degrees in five years: our signature Bachelor of Business Administration (BBA) and the country's only Master of Accounting and Finance (MAccFin). Complete up to four co-op work terms and get equipped for positions of leadership in the emerging intersections of global accounting and finance. Pursue a unique combination of professional designations, including the Chartered Professional Accountant (CPA), Chartered Financial Analyst (CFA) or Association of Chartered Certified Accountants (ACCA). Earn the flexibility to pivot between public accounting, corporate finance, financial services, asset management, consulting, entrepreneurship, and more. You can apply directly to a pathway toward the BBA/MAccFin Combined Degree Program when submitting your application to U of T Scarborough (see page 9). uoft.me/cdp

COMBINED DEGREE PROGRAM: MASTER OF TEACHING

This combined degree program by Ontario Institute for Studies in Education (OISE) and U of T Scarborough offers the perfect blend of undergraduate studies in a select Bachelor of Science or Bachelor of Arts program and early admission to the prestigious Master of Teaching program at OISE. You can apply to the Master of Teaching program during your third year of studies, clearing a pathway to the teacher profession.

uoft.me/master-of-teaching

BACHELOR OF SCIENCE AND MASTER OF TEACHING

- Anthropology: Evolutionary
- Biochemistry
- Biology
- Chemistry
- Conservation & Biodiversity
- Environmental Chemistry
- Environmental Physics
- Global Environmental Change
- Human Biology
- Integrative Biology
- Mathematics
- Medicinal & Biological Chemistry
- Molecular Biology & Biotechnology
- Molecular Biology, Immunology & Disease
- Physical & Mathematical Sciences
- Physics & Astrophysics
- Plant Biology

BACHELOR OF ARTS AND MASTER OF TEACHING

- Anthropology: Socio-Cultural
- English
- French
- Geography: Human
- History
- Sociology
- Theatre & Performance

SCIENCE COMBINED DEGREE OPTIONS

U of T Scarborough also offers the following combined degree programs that you can apply to during your third year of studies:

- Bachelor of Science and Master of Engineering (MEng)
- Bachelor of Science with the Master of Environmental Science (MEnvSc)
- Bachelor of Science—Mental Health Studies with the Master of Social Work (MSW)

uoft.me/utsc-combined

CERTIFICATES

Whether taken as part of an undergraduate program or after completion of a degree, U of T Scarborough's for-credit certificates provide you with expanded skillsets and an additional certification as you begin or advance your career.

uoft.me/utsc-certificates

INTERNATIONAL OPPORTUNITIES

- Learn, research and work abroad: opportunities in 40+ countries.
- Pursue the Minor in Global Leadership, U of T's first tri-campus multi-disciplinary undergraduate community of diverse and globally agile problem solvers.
- Earn a Global Scholar designation on your transcript by taking a curated set of courses offered by your program or department.
- Earn a Global Citizen designation for your co-curricular record through workshops and activities that develop your understanding of globalization, global citizenship, and inter-cultural cooperation.

LEGEND

- The "Approximate Grade Requirement" provided for each program indicates the admission average for that program in the previous academic year. This mark range will vary each year, according to the number and quality of applicants. It is not a "cut-off point" or enrolment limit. It is a general guideline only. Depending on the program, there may be minimum grade requirements for prerequisite subjects.
- While not required for admission, to pursue International Development Studies (HBA stream), you will need to take Advanced Functions and Biology; Chemistry is recommended.
- U of T degree plus Centennial College diploma earned.
- No direct entry from high school; a minimum of one year of post-secondary studies required.
- U of T degree plus Centennial College certificate earned.
- Limited to high school applicants.
- Applicants who have completed the Paramedicine diploma program at Centennial College will also be considered.
- Not available for international students.
- While not required for admission, to pursue Psychology or Mental Health Studies, you will need to take a Grade 12 Mathematics and Biology.
- While not required for admission, to pursue a specialist in Biological Sciences or Neuroscience, you will need to take a Grade 12 Calculus & Vectors or equivalent.

CO-OP & EXPERIENTIAL LEARNING

Experiential learning allows you to acquire new skills and understand workplace practices. It connects academic experiences and classroom learning to real-world contexts, including engagement with local communities and various professional settings. This, in turn, fosters personal and professional development opportunities, while preparing you for life after graduation! Moreover, through experiential learning, you bridge the gap between theory and practice, fostering critical thinking, self-confidence, and informed decision-making.

EXPERIENTIAL LEARNING OPPORTUNITIES AT U OF T SCARBOROUGH INCLUDE BUT ARE NOT LIMITED TO:

- Co-op placements
- Land-based learning
- Community-engaged learning and organization-partnered projects
- Performance and artistic productions
- Entrepreneurship
- Research opportunities
- Field work and experiences
- Simulated work experiences
- International experiences
- Work-Integrated Learning
- Internships
- Work Study

utsc.utoronto.ca/experiential

CO-OP PROGRAMS

U of T Scarborough is the University of Toronto's co-op campus, offering 50+ co-op programs in arts, sciences, and management.

- Stand out with 8 to 16 months of full-time, paid on-the-job experience aligned with your field of study.
- Gain a competitive edge by developing the skills, knowledge, and expertise necessary to secure a rewarding career after graduation or go on to graduate school and professional programs.
- Average pay of \$21.59 per hour for Arts & Science and Management co-op students. Pay rates depend on variables such as industry, job function, and year of study.

My co-op work terms helped me realize that I have a passion for web development and leadership. This self-awareness allowed me to take courses that would help me in these areas, while also seeking advice from faculty members and peers on how to develop my network to reach my goals!

— Jin "Tony" Rong Cao (Toronto, ON)
Specialist: Computer Science (co-op),
Major: Mathematics

Working as a Research Assistant in Dr. Wang's Attitudes & Interpersonal Understanding Lab has given me the scientific experience and knowledge to possibly create my own research projects in the future. I've learned how to code participants' responses, along with a deeper understanding of interview and information collection processes.

— Rabia Nasri (Karachi, Pakistan)
Double Major: Neuroscience and Psychology

During my co-op term as an Industry Consultant Intern at IBM Consulting, I identified new business opportunities and contributed to creating strategic solutions for large financial institutions based in Montréal, Toronto, and New York. I also assisted IBM's business development efforts in the fintech sector, drafting pitch deck presentations and contractual agreements while assisting in contract negotiation. Thanks to this experience and networking, my first job after graduation will be as an Associate Consultant at IBM Consulting!

— Sébastien Lafond (Montréal, Québec)
Double Major: Specialist: Management & International Business (co-op)

ADMISSIONS

HOW TO APPLY

NOV 7

Recommended early application deadline.

Complete your application by visiting the Ontario Universities' Application Centre (OUAC) website.

ouac.on.ca

JAN 15

Application deadline for most U of T Scarborough programs.

FEB 1

Deadline for documents, Awards Profile, self-reported grades form (non-Ontario high school students), and English language tests.
future.utoronto.ca/apply/to-do-list

MAR 31

Residence application deadline.
utsc.utoronto.ca/residences

FEB–MAY

Offers of Admission are released. Watch your inbox.

You can monitor the status of your application in the JOIN portal. You'll also be able to see a list of documents that you've submitted and what we still need from you.

ACTIVATE YOUR JOIN U OF T PORTAL.

Shortly after receiving your OUAC application, we will send you an acknowledgment email with a set of credentials that you can use to activate and access your **JOIN U of T** portal.

SELECTION CRITERIA

The general requirements for admission can vary by educational jurisdiction. Further information can be found at future.utoronto.ca.

Applicants are considered based on a wide range of criteria, including:

- Academic record
- Consistency of achievement
- Performance in subject prerequisites
- Supplementary Application Form (SAF) where required
- Interview where required
- Special consideration and extenuating circumstances

The University of Toronto does not have the capacity to admit all applicants who meet the minimum general and program-specific requirements. We seek to admit the best possible students on the basis of academic performance and potential, and will select students for admission based on competitive strength.

WHAT IS A SUPPLEMENTARY APPLICATION FORM?

A Supplementary Application Form (SAF) helps us get to know you better. A SAF is a chance for you to showcase your unique experiences, strengths, and interests. We're looking for engaged students of any background who will bring leadership, passion, and diverse perspectives.

ADMISSION CATEGORIES THAT REQUIRE A SUPPLEMENTARY APPLICATION FORM

- Management (regular or co-op)
- Co-op Management & International Business*
- Co-op International Development Studies
- Double Degree in Management & Finance and Statistics—Quantitative Finance Stream (regular or co-op)
- Paramedicine
- Music Industry and Technology

*In addition to the SAF, an interview is required for admission to Co-op Management & International Business. You will be invited to register for an interview once your Supplementary Application Form (SAF) has been reviewed.

JUNE 3*

Accept your Offer of Admission!

*Any variation will be listed in your Offer of Admission, check your Join U of T Portal.

I decided to pursue a combination of Health Studies: Population Health and Computer Science. Health Studies: Population Health intrigued me because it focuses on understanding and improving the health outcomes of entire communities. On the other hand, Computer Science captured my interest due to its potential to transform various fields, including health care. I recognized that technology and data-driven approaches are revolutionizing the way we analyze, manage, and utilize health information. In building my degree, my aim was to bridge the gap between these two disciplines.

— Jenna Jiang (Beijing, China)

Major: Health Studies: Population Health,
Double Minor: Computer Science and Economics
for Management Studies

I have always wanted to become a doctor! Thus, with a particular interest in pharmacology, immunology, and virology, my program sets a strong foundation for my post-graduate plan of medical school through my knowledge in field research, analytical statistics, and interests in the life sciences.

— Kael Rajeshkumar Brahmabhatt (Nairobi, Kenya)

Double Major: Biochemistry (co-op) and Molecular
Biology, Immunology & Disease

I loved the fact that I was given the opportunity to pursue a double major in both the Arts and Sciences. I chose my program of study because Biochemistry and Music have always been my two passions. My initial thought when applying to universities was to study only Biochemistry. I had no idea that U of T Scarborough would allow (or, in fact, encourage) me to study a combination of Arts and Sciences.

— Ananya Balaji (Singapore & United States)

Double Major: Biochemistry and Music & Culture

ENGLISH LANGUAGE REQUIREMENTS

Proof of English language facility is required from all undergraduate applicants except for those:

- Whose first language (i.e., the language they learned at home as a child) is English, or
- Who have achieved satisfactory academic progress in at least four years of full-time study in an English-language school system located in a country where the dominant language is English, or
- Whose first language is French and who have achieved satisfactory academic progress in at least four years of full-time study in Canada.

ACCEPTABLE ENGLISH FACILITY TESTS	
Duolingo English Test	A minimum overall score of 120, with no subscore below 100. Subscore results must be submitted. Results from tests completed before July 15, 2019 will not be accepted.
GCSE/IGCSE/GCE/AICE English courses	A minimum final grade of “B” (“6” in reformed qualifications) in GCSE/IGCSE/GCE Ordinary Level English, English Language, or English as a Second Language; OR a minimum final or predicted grade of “C” in GCE A Level/AS Level/AICE English or English Language. Note that IGCSE English as an Additional Language is not accepted.
International Baccalaureate (IB) English	The minimum requirement is a score of at least 4 (predicted or final) in Higher or Standard Level English A: Literature or English A: Language and Literature. HL English B is not acceptable.
International English Language Testing System (IELTS)	A minimum overall band 6.5 with no band below 6.0.
Test of English as a Foreign Language (TOEFL)	Internet-based test: A minimum total score of 89 + 22 in each of Writing and Speaking.

Please note that other English language tests and qualifications are also considered. For a comprehensive list and complete details on our English language proficiency requirements, visit uoft.me/elr.

ACADEMIC ENGLISH

The University of Toronto Scarborough offers Academic English, a summer language program for newly admitted students with English proficiency scores below the required minimums for direct admission. Eligible applicants will receive a conditional offer of admission to U of T Scarborough and an invitation to register for Academic English.

uoft.me/academicenglish

TRANSITIONAL YEAR PROGRAM (TYP@UTSC)

The Transitional Year Program (TYP) is for Canadian Citizens, Permanent Residents, or Protected Persons who have experienced barriers or interruptions in their academic journey. It is a pathway to university for individuals without formal qualifications for U of T admission.

utsc.utoronto.ca/typ-utsc

STUDENTS FROM SECONDARY SCHOOLS OUTSIDE ONTARIO

For admission qualifications and course equivalents for secondary school curricula outside of Ontario, please visit our website.

uoft.me/canadahs

INTERNATIONAL STUDENTS

U of T Scarborough welcomes students from around the world. Visit our website to learn how to apply and review admission requirements.

Kina Wiiya Enadong Building

TRANSFER STUDENTS FROM OTHER POST-SECONDARY INSTITUTIONS

Visit our website for full information about the admission process and applying for transfer credit from other post-secondary institutions (university, college, or transfer pathways).

uoft.me/utsc-tc

TRANSFER CREDITS

We generally accept credits from recognized post-secondary institutions or advanced curricula, provided that the course content is equivalent to the U of T Scarborough course. Instructions regarding transfer credit consideration will be included in your offer of admission. University applicants from Canadian universities can refer to Transfer Explorer as a guideline to assess how their courses will transfer for degree credit at the University of Toronto.

FEES & FINANCIAL AID

FEES

All fees are listed in Canadian currency and are subject to change. Fees for the 2024–2025 academic year will be approved in late April 2024 and will be available on the website of the Vice-President and Provost (provost.utoronto.ca). You may use the current fees listed below to estimate your expenses. Detailed fee information is also available from the Office of Student Accounts (future.utoronto.ca/finances/fees).

TUITION FEES 2023–2024

Based on a normal full-time course load of 5.0 credits.

DOMESTIC STUDENTS: ONTARIO RESIDENTS	YEAR 1	UPPER YEAR
Computer Science	\$6,100	\$11,420
Management	\$6,100	\$15,900
All other programs	\$6,100	\$6,100
DOMESTIC STUDENTS: NON-ONTARIO RESIDENTS	YEAR 1	UPPER YEAR
Computer Science	\$6,590	\$12,340
Management	\$6,590	\$17,180
All other programs	\$6,590	\$6,590
INTERNATIONAL STUDENTS	YEAR 1	UPPER YEAR
Computer Science	\$60,510	\$62,580
Management	\$60,510	\$68,780
All other programs	\$60,510	\$60,510

For fees purposes:

A **domestic student** is a student whose immigration status in Canada is one of the following, regardless of country of residence:

- Citizen
- Permanent resident

An **Ontario resident student** is:

- A dependent student whose parent's primary residence is in Ontario.
- An independent student whose primary residence is in Ontario, and Ontario is the last province you have lived in for 12 months in a row prior to being a post-secondary student.

ESTIMATED ADDITIONAL EXPENSES 2023–2024

For the eight-month period September to April, unless otherwise stated.

ITEM	COST	NOTES
Additional Academic Fees		Approx. annual cost for the administration of work terms, internships/field experience and teaching placements.
• Co-op Programs	\$980–\$2,888	
• Joint Programs	\$40–\$194

Residence Housing	\$7,490–\$14,960	Cost includes heat, electricity, water and Wi-Fi.
Books & School Supplies	\$1,000–\$2,000	
University Health Insurance (UHIP)	\$756	Approx. 12-month cost. Mandatory for international students.

U OF T FINANCIAL ASSISTANCE

future.utoronto.ca/finances

UTAPS—UNIVERSITY OF TORONTO ADVANCE PLANNING FOR STUDENTS

1. As a planning tool, UTAPS will give early information about the amount of government aid and possible U of T grant assistance you can expect. This allows you to start your financial planning early.
2. As an application form, UTAPS is used for many of our scholarships and special grant programs for Canadian citizens or permanent residents.
3. As a grant program, UTAPS may provide additional funding to eligible applicants after classes begin in September. All students, including out-of-province and Indigenous students, who wish to be considered for UTAPS must complete a financial need application through the Need Navigator tool. uoft.me/utaps

U OF T SCARBOROUGH GRANT/BURSARY PROGRAM

Grant/Bursary applications are available for full-time students two times a year: in the Fall/Winter, and Summer sessions. The online application is available through the U of T Grant Portal after classes start in September. Deadlines are available on the Registrar's Office website. utsc.utoronto.ca/registrar

WORK STUDY PROGRAM

A wide variety of career-related part-time jobs are available at U of T. Successful applicants are allowed to work up to 15 hours a week. uoft.me/workstudyuoft

SCHOLARSHIPS

Use our handy planning estimator:
planningcalc.utoronto.ca

ENTRANCE SCHOLARSHIPS—APPLICATION NOT REQUIRED

PRESIDENT'S SCHOLARS OF EXCELLENCE PROGRAM (PSEP)—\$10,000

Awarded to approximately 150 of the most highly qualified students across the University of Toronto. The PSEP award may not be held in conjunction with a U of T Scarborough entrance scholarship, though students with an average of 95%+ may qualify for the U of T Scarborough Entrance Scholarship renewability portion in years 2, 3 and 4.

U OF T SCHOLARS—\$7,500

Awarded to the top students admitted to U of T Scarborough. Typically, students will have an average in the mid-90s. The U of T Scholars award may not be held in conjunction with a U of T Scarborough entrance scholarship, though students with an average of 95%+ may qualify for the U of T Scarborough Entrance Scholarship renewability portion in years 2, 3 and 4.

U OF T SCARBOROUGH ENTRANCE SCHOLARSHIPS FOR DOMESTIC STUDENTS	
Average	Value
95%+*	\$12,000 (\$3,000 x 4 years)
92–94.9%	\$2,000
90–91.9%	\$1,500
88–89.9%	\$1,000

U OF T SCARBOROUGH ENTRANCE SCHOLARSHIPS FOR INTERNATIONAL STUDENTS	
Scholarship Name	Value
International Scholar Award—U of T Scarborough*	\$45,000
International Scholar Award—U of T Scarborough*	\$25,000

*These awards are renewable for three additional years (or four additional years for double-degree programs). Award is granted on condition of maintaining full-time registration as an international student (i.e. non-Canadian requiring a study permit and paying international fees).

ENTRANCE SCHOLARSHIPS—APPLICATION REQUIRED

Some scholarships require an application through the U of T Awards Profile or through an external application.

AWARD	VALUE
Arbor Scholarship	\$7,500 in first year and \$1,500 in upper years.
Bennett Scholars	\$2,500–\$7,500
C. David Naylor University Scholarships	\$20,000
Geographic Access Bursary	\$4,500, awarded annually. Applicants must be domestic status and live more than 50km from an Ontario university.
Lester B. Pearson International Scholarships	Tuition, books, incidental fees, and full residence support for four years.
National Scholarship Program	Tuition and incidental fees for four years, residence support in first year, plus a varying, renewable cash award.
University of Toronto Achievement Scholars	\$10,000, awarded annually to full-time undergraduate students who self-identify as Black or Indigenous.
Winkelman Admission Scholarship	\$7,000, awarded on admission to outstanding students who identify as Black.

Check what's available at
awardexplorer.utoronto.ca.
Some awards require a
nomination from your school.

Instructional Centre

Environmental Science & Chemistry Building

During my time at U of T Scarborough, I actively participated in campus activities such as the Hack the Valley Hackathon, U of T Scarborough Volleyball Team, CMS Gala hosted by AMACSS, and co-op Launch Events. These involvements enhanced my university experience by fostering community, expanding my network, and providing valuable knowledge and skills. Additionally, I engaged in the First Year Learning Communities and First Year Peer Program to support incoming students.

Ma Moosh Ka Win Trail

I grew up playing in the rain in a large backyard, and it was thanks to this exposure to nature that I developed a deep curiosity and passion for science. This led me to value and take advantage of any opportunity to be near natural environments. With its nature trails and proximity to wide grass fields, U of T Scarborough is an ideal environment for me to study in.
