Please be assured that all students enrolled in a Lecture will be accommodated in a practical. The number of practicals currently open in some Fall/Winter courses do not accommodate all students presently enrolled in them. This is deliberate because enrolment patterns change between now and the start of the term. When the term starts, if necessary, we will open additional practicals to accommodate the students enrolled in the course at that time.

For changes to BIOA01H3F practicals after September 18, 2017, please see Karolyn Keir in Room SW238.

All practicals complete an outdoor field trip between **Sept. 5-15**

All CHMA10H3 F PRACTICALS WILL BE CLOSED AS OF **3:00pm ON Thursday, SEPT. 7th** Please see Scott Ballantyne in SW 155C to make Practical changes. Odd numbered practical groups have their first lab during the week of September 11th. Even numbered practical groups have their first lab during the week of September 18th.

DO NOT attempt to adjust your lab practical via the online system after September 7th - attempting to do so will result in your forfeiting your current lab spot and the system will be unable to enroll you in another lab section essentially leaving you without a lab group. After September 8th please contact Dr. Ballantyne for lab practical changes.

MANAGEMENT MEETING SECTION CHANGES: Students approved in a course who wish to change sections may do so on ACORN/ROSI, provided there is space in the preferred section. Note: if the preferred section is full and you add yourself to the waitlist, your enrolment in the original section will be cancelled. Section changes can be made on ACORN/ROSI until the last day to add courses for the session provided there is space to do so.

IMPORTANT MESSAGE REGARDING MEETING SECTIONS: Students are expected to enrol or waitlist for course meeting sections that fit in a conflict-free schedule. Students who knowingly enrol in a course that causes a conflict should not expect to request a section change through their Professor at a later date.

LEC01:Carl Schmitt

[Information](#)

This course surveys the work of German legal theorist Carl Schmitt (1888-1985). Schmitt is a complicated, intellectually imposing and ultimately troubling figure. His criticisms of liberalism and parliamentary democracy, and insights into sovereignty, political enmity and international law, are original, bracing and still highly relevant. Yet, Schmitt was also an ardent anti-Semite and member of the Nazi Party. We will read several of Schmitt's books carefully, to better understand his scholarly contributions and how they relate back to his deeply flawed political orientations and affiliations. The course will be of particular interest to students of political theory, public law, and international relations.
