Top 5 at the RO

You’ve got questions, we’ve got answers. Here’s what you’ve been asking us in July:

1. I just accepted my offer to UTSC. Now what?
   Newly admitted students are encouraged to refer to the You Got In website for their next steps:
   www.utsc.utoronto.ca/yougotin

2. Why can’t I find my program when I search for it on the OSAP application form?
   Type the word ‘Scarborough’ to filter the results. Most students fit into Bachelor of Arts/Science, unless you’re in Co-op, Management or Computer Science. If you selected the wrong program, you can fill out and submit an Information Correction form to our office.

3. I checked my ACORN account and some of my Fall/Winter courses were already added, why?
   Some newly admitted students have been pre-enrolled into lectures for their core courses. When course enrolment begins, you can modify tutorial, practical and lecture sections. A standard course load is 2.5 credits (or 5 half credit courses per semester). If there is still space in your schedule you may enrol in additional courses.

4. I’m taking a course at UTSG/UTM this summer, what deadlines do I follow?
   Only refund deadlines are adjusted, all other deadlines are based on UTSC dates regardless of which campus you take courses on.

5. I need a confirmation of enrollment for my RESP, where do I get this?
   Once you have added a FULL-TIME course load for the Fall/Winter, you can get your form filled out at the Registrar’s Office. If your company does not provide a form, you can request an enrolment letter. Both options require an $8 fee paid in cash, credit or debit.
